## Will The Real Abi Saunders Please Stand Up?

Sara Hantz

**When introverted seventeen-year-old kickboxing champion Abi Saunders agrees to be the stunt double for a wayward teen movie star, her life changes forever.**

Abi Saunders might be a kickboxing champion, but when it comes to being the center of attention, she'd rather take a roundhouse kick to the solar plexus any day. So when her trainer convinces her to audition to be the stunt double for hot teen starlet Tilly Watson, Abi is shocked—and a little freaked out—when she gets the job.

Being a stunt double is overwhelming, but once the wig and makeup are on, Abi feels like a different person. Tilly Watson, to be exact. And when Tilly's gorgeous boyfriend, Jon, mistakes Abi for the real star, Abi's completely smitten. In fact, she's so in love with her new life, it isn't long before she doesn't have time for her old one.

But when the cameras are turned off, will she discover running with the Hollywood A-list isn't quite the glamorous existence she thought it was?

Sara Hantz comes from the UK and now lives in Australia (via 10 years in New Zealand). With a background in education, she lectured for many years before deciding to devote more time to her writing and working in the family business. She is also the author of *In The Blood*, and *The Second Virginity* of Suzy Green. Visit her online at [www.sarahantz.com](http://www.sarahantz.com)

# The Warrior

Victoria Scott

**The third and final installment in the Dante Walker series pits heaven against hell in the ultimate showdown for supremacy on earth.**

War between heaven and hell is coming, but Dante Walker makes it look damn good.

Dante's girlfriend, Charlie, is fated to save the world. And Aspen, the girl who feels like a sister, is an ordained soldier. In order to help both fulfill their destiny and win the war, Dante must complete liberator training at the Hive, rescue Aspen from hell, and uncover a message hidden on an ancient scroll.

Dante is built for battle, but even he can't handle the nightmares where spiders crawl from Aspen's eyes, or the look on Charlie's face that foretells of devastation. To make matters worse, the enemy seizes every opportunity to break inside the Hive and cripple the liberators. But the day of reckoning is fast approaching, and to stand victorious, Dante will have to embrace something inside himself he never has before—faith.

## Cinderella's Dress

Shonna Slayton

**A look into one girl's life as she deals with loved ones gone to war, teenage love, and a century-old duty to guard *the* Cinderella's dress from the wicked stepsisters' descendants.**

In a war-torn world, one girl must deal with the absence of her father and brother (both sent to battle), a handsome boy who makes her giggle on sight, fighting the sexist nature of the 1940s to secure her spot as a department store window dresser, and a centuries old duty to guard none other than *the* Cinderella's dress. After all, the descendants of the wicked stepsisters will stop at nothing to get what they think they deserve.

Before taking a break from writing to start a family, Shonna Slayton was a full-time writer/editor at Alpha Omega Publications working on everything from software help files to short video scripts and the CD-ROM curriculum, Switched-On Schoolhouse. Now she is a homeschool mom who writes novels.

## Descent

Tara Fuller

**The highly anticipated story of darkly dangerous reaper Easton, who must fend off the demons he's doomed to Hell before they kill his Boss's daughter and destroy the last shreds of his humanity.**

Easton doesn't believe in love. He believes in Death. Darkness. Sin. As a reaper for Hell, it's all he's known for over four hundred years. When he gets slapped with the job of training the boss's daughter, an angel who knows nothing but joy, he knows he's in for a world of trouble.

Though he's made it clear he wants nothing to do with her outside of work, Gwen would do anything to get closer to the dark and wounded reaper—even taint her angelic image and join the ranks of her father's team of reapers. But in all her planning, she forgot to factor in one thing—how far the demons Easton doomed to hell would go to get revenge.

When the dangers of the Hell threaten Gwen, Easton will do whatever it takes to save her. But as the darkness closes in on them both, will he be able to save himself?

### PRAISE

**"A captivating whirlwind of death, revenge, and true love. I want a reaper of my own!" — Jena from Shortie Says**

**"A perfect balance of tension, humor, and romance, *Inbetween* is addicting." —Trisha Wolfe, author of *Destiny's Fire***

**"Words cannot describe how much I love this romantic story about life (or the after life) after death." —Jenna from Making the Grade**

Tara Fuller writes novels. Some about witches. Some about grim reapers. All, of course, are delightfully full of teen angst and kissing. Tara grew up in a one-stoplight town in Oklahoma, where once upon a time she dreamed of becoming a writer. She has a slight obsession with music and a shameless addiction to zombie fiction and Mystery Science Theater. Tara now lives with her family in a slightly larger town in North Carolina, where they have at least three stoplights.

## The Winter People

Rebekah L. Purdy

**An engrossing, complex, romantic fantasy perfect for fans of Kristin Cashore or Maggie Stiefvater, set in a wholly unique world.**

Salome Montgomery fears winter—the cold, the snow, the ice, but most of all, the frozen pond she fell through as a child. Haunted by the voices and images of the strange beings that pulled her to safety, she hasn't forgotten their warning to "stay away." For eleven years, she has avoided the winter woods, the pond, and the darkness that lurks nearby. But when failing health takes her grandparents to Arizona, she is left in charge of maintaining their estate. This includes the "special gifts" that must be left at the back of the property.

Salome discovers she's a key player in a world she's tried for years to avoid. At the center of this world is the strange and beautiful Nevin, who she finds trespassing on her family's property. Cursed with dark secrets and knowledge of the creatures in the woods, his interactions with Salome take her life in a new direction. A direction where she'll have to decide between her longtime crush Colton, who could cure her fear of winter. Or Nevin who, along with an appointed bodyguard, Gareth, protects her from the darkness that swirls in the snowy backdrop. An evil that, given the chance, will kill her.

Rebekah Purdy grew up in Michigan, where she spent many late nights armed with a good book and a flashlight. When not hiding at her computer and getting lost in her stories, she enjoys reading, singing, soccer, swimming, football, camping, playing video games, and hanging out with her kids. She may or may not have an obsession with anything chocolate...Rebekah currently resides in Michigan with her husband, kids, and gazillion pets.

Kate Jarvik Birch

*Man's best friend just got a little prettier.*

Ever since the government passed legislation allowing people to be genetically engineered and raised as pets, the rich and powerful can own beautiful girls like sixteen-year-old Ginger as companions. But when Ginger moves in with her new masters and discovers the glamorous life she's been promised isn't at all what it seems, she's forced to choose between a pampered existence full of gorgeous gowns and veiled threats, or seizing her chance at freedom with the boy she's come to love, risking both of their lives in a daring escape no one will ever forget.
