## Haganai: I Don't Have Many Friends Now With 50% More Fail!

Story by Chirow Kazahana; Art by Shirabi

**The plot thickens in this hilarious oneshot spin-off of New York Times bestseller *Haganai: I Don't Have Many Friends*!**

Based on the popular franchise of the same name, *Haganai: I Don't Have Many Friends—Now With 50% More Fail!* is a collection of hilarious short stories that each focus on a different cast member. Spanning light novels, manga and anime, *Haganai: I Don't Have Many Friends* continues to be a fan-favorite series and a New York Times manga bestseller.

*Haganai: I Don't Have Many Friends* has received two, thirteen-episode anime seasons in Japan and has a live-action movie in production. FUNimation released the first season on home video in the United States in 2013 and will release the second season in 2014.

Recent high school transfer student Hasegawa Kodaka is pathetically inept at making friends. Kodaka is an outcast, with his natural blond hair which he inherited from his deceased English mother, and his unpleasant, fierce gaze. When he comes across the brash loner Mikazuki Yozora, who typically chats with her imaginary friend, the two outsiders become the unlikeliest of allies.

Realizing that they have no hope of a normal social life, the two rejects decide to form a group called "The Neighbor's Club" in order to make friends and maybe even learn a thing or two about social skills. As luck would have it, five new members join the club who are more socially awkward than they are. Will these quirky misfits ever make normal friends, or are they all doomed to social failure?

**Devils and Realist, vol. 2**

Story by Madoka Takadono

Art by Utako Yukihiro

**For fans of *Black Butler* comes a new manga about a handsome teen noble and the demons who surround him**

*Devils and Realist* is an all-new supernatural manga series that pits a young, suave nobleman against Hell's princely demons.

Each volume of *Devils and Realist* features beautiful *bishounen*-styled artwork and a color insert. An anime adaptation of *Devils and Realist* is currently airing in Japan and is being streamed by Crunchyroll with English subtitles.

William Twining has it all—a sharp intelligence, dashing good looks, and a noble station in life. There's only one problem: he's broke. With no way to finance his prestigious education, William decides to search through his uncle's mansion for something of value to sell. But William's logical worldview is about to take a hit, when he comes across a mystical seal which he unintentionally uses to summon a demon.

The demon's name is Dantalion, a Grand Duke of Hell, who informs the young nobleman of his destiny—that he is the new "Elector" whose sole responsibility is to appoint the next ruler of Hell in place of Lucifer. Such news might drive a lesser man mad, but not William Twining. He's a realist whose views don't allow for the existence of demons, even when scores of demonic candidates begin to knock down his door and seek his favor. None of this can possibly be real—can it?—and besides, he's got bills to pay.

**For fans of *Hetalia* comes a video game parody like no other!**

*World War Blue* is an all-new fantasy manga series inspired by the "console wars," the historic struggle for market share between manufacturers in the video game industry.
