## The Social Media Experiment

Cole Gibsen

**In this whip-smart contemporary novel, one girl is about to find out there are consequences to wielding social media like a weapon.**

On the surface, seventeen-year-old Reagan Fray appears to have everything. She's popular, Ivy League-bound, and her parents are rich enough to buy her whatever she wants. Behind the scenes, Reagan is a girl with an anxiety disorder struggling to hold the fraying threads of her life together. It takes work to stay on top, and when that fails, Reagan's learned from her politician mother that a little social espionage never hurts. That is, until the day Reagan finds all of her texts and private messages printed out and taped to every locker in her high school.

Finding herself ostracized from her friends and on the receiving end of the bullying she used to dish out, Reagan won't settle into her new role as social pariah without a fight. Determined to get back in with her friends and reclaim her social status before her mother finds out and sends her to boarding school, Reagan has no choice but to team up with outcast Nolan Letner.

But the closer Reagan gets to Nolan, the more she realizes all of her actions have consequences, and her future might be the biggest casualty of all.

Cole Gibsen first realized she was different when, in high school, she was still reading comic books while the other girls were reading fashion magazines.

It was her love of superheroes that first inspired her to pick up a pen. Her favorite things to write about are ordinary girls who find themselves in extraordinary situations.

## Summer Marked

Rebekah Purdy

### The sequel to the chilling *Winter People* returns to the world of *Faerie*, and is a romantic and enchanting follow-up

Fresh off a break-up with her boyfriend, Kadie's glad to be home from college for Thanksgiving. All she needs is a rebound guy, a box of chocolates, and some girl time with her best friend, Salome. Problem is, Salome isn't returning her calls, and her family won't say where she is. Feeling sorry for herself, Kadie ends up at Club Blade, a place filled with pumping music, dangerous guys, and promises of a good time. However, when midnight strikes, Kadie's fun turns into a nightmare as she's ripped from the human world into Faerie by a vengeful Winter Prince named Etienne. For the first time in her life, she realizes the monsters Salome always spoke of are real, and they'll stop at nothing to destroy her friend.

Salome thought the winter curse was behind her. But winter has left its mark. Not just on her, but on the whole summer court. The Kingdom of Summer is falling apart, and Nevin is hanging onto his throne by a thread. With war on his doorstep, he has no choice but to send Gareth into enemy territory, which means Salome will be left alone—vulnerable in a world she doesn't understand. A place where beauty is deadly and humans are pawns in the macabre games the Fae play. Both Kadie and Salome will have to call on all their strength to survive in a world where humans aren't meant to be. With death and enemies all around them, it'll be a miracle if they can survive.

Rebekah L. Purdy grew up in Michigan, where she spent many late nights armed with a good book and a flashlight. When not hiding at her computer and getting lost in her stories, she enjoys reading, singing, soccer, swimming, football, camping, playing video games, and hanging out with her kids. She may or may not have an obsession with anything chocolate. Rebekah currently resides in Michigan with her husband, kids, and a gazillion pets.
