Amanda Hocking

**The second book in New York Times bestselling author
Amanda Hocking's new YA series that invites readers to return
to the magical world of the Trylle.**

War is coming to the Kanin and Bryn Avery is right in the middle of it. Deep in the shadows of society, distrust has been building and is ready to explode. Konstantin Black has escaped, the royal families are in jeopardy, and their biggest enemy Viktor Dålign is coming for his revenge.

Bryn vows justice against Konstantin, the guy she'd once had feelings for, who she now wishes she didn't feel so strongly connected with. But Konstantin is smart – long before he'd become a traitor to the Kanin, he'd been a tracker. And the more Bryn gets closer to finding him, the more she questions his guilt, which begins to tear her budding relationship with Ridley apart. Doubting everything and everyone she's ever known, Bryn finds that if she's not careful, she just might become her own greatest threat.

Delicate Monsters

A Novel

Stephanie Kuehn

From the Morris-Award winning author of *Charm & Strange*, comes a twisted and haunting tale about three teens uncovering dark secrets and even darker truths about themselves.

When nearly killing a classmate gets seventeen-year-old Sadie Su kicked out of her third boarding school in four years, she returns to her family's California vineyard estate. Here, she's meant to stay out of trouble. Here, she's meant to do a lot of things. But it's hard. She's bored. And when Sadie's bored, the only thing she likes is trouble.

Emerson Tate's a poor boy living in a rich town, with his widowed mother and strange, haunted little brother. All he wants his senior year is to play basketball and make something happen with the girl of his dreams. That's why Emerson's not happy Sadie's back. An old childhood friend, she knows his worst secrets. The things he longs to forget. The things she won't ever let him.

Haunted is a good word for fifteen-year-old Miles Tate. He can see the future, after all. He knows his vision of tragic violence at his school will come true, because his visions always do. That's what he tells the new girl in town. The one who listens to him. The one who recognizes the darkness in his past.

But can Miles stop the violence? Or has the future already been written? Maybe tragedy is his destiny. Maybe it's all of theirs.

"Kuehn writes with the fleetness of a trained thriller author...Explosive."—*Booklist* (starred review) on *Complicit*

"Kuehn's second novel, after her Morris Award-winning *Charm & Strange*, powerfully examines how mental illness can turn into family tragedy that ripples far and wide beyond a single event. The prose is as hallucinatory as the madness Jamie seeks to uncover in a novel that's tense and ambiguous from start to finish."—*Publishers Weekly* (starred review) on *Complicit*

"A high-powered voice rich in charismatic style and emotional intensity illuminates this ambitious debut."—*Kirkus Reviews* on *Charm & Strange*

STEPHANIE KUEHN is the William C. Morris Award-winning author of *Charm & Strange*. Tell the Story to Its End

Simon P. Clark

In this beautiful, haunting debut, a boy is whisked away to the country in the wake of a scandal, and finds a captivating creature in the attic whose attention comes at a sinister price.

"Tell the story to its end," says Eren with a grin.

His yellow eyes are glowing like embers in the night.

"When I reach the end," I say, "what happens? You'll have the whole story."

"Hmm," he says, looking at me and licking his lips with a dry, grey tongue.

"What happens then? Why don't we find out?"

People are keeping secrets from Oli. His mum has brought him to stay with his aunt and uncle in the countryside, but nobody will tell him why his dad where his father is. Why isn't he with them? Has something happened? Oli has a hundred questions, and only an old, empty house in the middle of an ancient forest for answers. But then he finds a secret of his own: there is a creature that lives in the attic...

Eren is not human.

Eren is hungry for stories.

Eren has been waiting for him.

Sharing his stories with Eren, Oli starts to make sense of what's happening downstairs with his family. But what if it's a trap? Soon, Oli must make a choice: learn the truth—or abandon himself to Eren's world, forever.

Reminiscent of SKELLIG by David Almond and A MONSTER CALLS by Patrick Ness, EREN is richly atmospheric, moving, unsettling, and told in gorgeous prose. A modern classic in the making.

PRAISE

"In this provocative modern fable, Simon P. Clark incisively probes the intrinsic codependence between the storyteller and his listener: Which one, the book slyly asks, needs the other more? Unflinchingly dark and unforgettably creepy, EREN will have you in its grip."—Anne Ursu, award-winning author of *The Real Boy* and *The Shadow Thieves*

"EREN caught my attention from the very first page. I really enjoyed it. Sure-footed, distinctive, strange, poetic. Simon P. Clark is a truly interesting new voice."—David Almond, award-winning author of *Skellig*

Simon P. Clark grew up in England, has taught English in Japan, and now lives in New Jersey. He is a founding member of We Are One Four (www.weareonefour.com) bringing together UK & US authors with MG/YA debuts, in order to promote one another's work and spread awareness. Hello, I Love You

A Novel

Katie M. Stout

A teen escapes to a boarding school abroad and falls for a Korean pop star in this fun and fresh romantic novel in the vein of ANNA AND THE FRENCH KISS.

Grace Wilde is running—from the multi-million dollar mansion her record producer father bought, the famous older brother who's topped the country music charts five years in a row, and the mother who blames her for her brother's breakdown. Grace escapes to the farthest place from home she can think of, a boarding school in Korea, hoping for a fresh start.

She wants nothing to do with music, but when her roommate Sophie's twin brother Jason turns out to be the newest Korean pop music superstar, Grace is thrust back into the world of fame. She can't stand Jason, whose celebrity status is only outmatched by his oversized ego, but they form a tenuous alliance for the sake of her friendship with Sophie. As the months go by and Grace adjusts to her new life in Korea, even she can't deny the sparks flying between her and the KPOP idol.

Soon, Grace realizes that her feelings for Jason threaten her promise to herself that she'll leave behind the music industry that destroyed her family. But can Grace ignore her attraction to Jason and her undeniable pull of the music she was born to write? Sweet, fun, and romantic, this young adult novel explores what it means to experience first love and discover who you really are in the process.

About a Girl

A Novel

Sarah McCarry

The third and final book in the *Metamorphoses* trilogy, based loosely on *Jason and the Argonauts*, a young woman goes on a journey to find her long lost mother.

Eighteen-year-old Tally is absolutely sure of everything: her genius, the love of her adoptive family, the loyalty of her best friend, Shane, and her future career as a Nobel prize-winning astronomer. There's no room in her tidy world for heartbreak or uncertainty—or the charismatic, troubled mother who abandoned her soon after she was born. But when a sudden discovery upends her fiercely ordered world, Tally sets out on an unexpected quest to seek out the reclusive musician who may hold the key to her past—and instead finds Maddy, an enigmatic and beautiful girl who will unlock the door to her future. The deeper she falls in love with Maddy, the more Tally begins to realize that the universe is bigger—and more complicated—than she ever imagined. Can Tally face the truth about her family—and find her way home in time to save herself from its consequences?

PRAISE

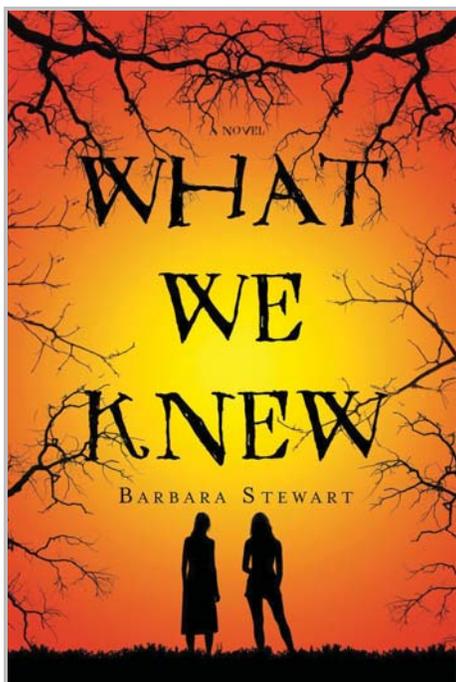

“Classic mythology runs through Sarah McCarry's tales...only now the *Siren Song* is a punk rock scream, the *Jealous God* lives in a Manhattan apartment, and the *Lost Heroine* has particle physics and cosmology to guide her home. *About A Girl* is fierce, surprising, sexy, and always intelligent.”—Meg Howrey, author of *Blind Sight* and *The Cranes Dance*

“[A] lyrical stand-alone prequel...The prose is exquisitely crafted, moving effortlessly from dizzying to heartbreaking...A breathtaking companion volume, fully readable on its own and devastating in the context of its predecessor.”—*Kirkus* (starred review) on *Dirty Wings*

When a local myth starts to seem like a dangerous reality, two girls are set on a path that could change their lives forever

"When I was little, I imagined a monster: Scaly hands. Pits for eyes..."

-When Tracy and her best friend, Lisa, were kids, stories about a man—a creep who exposes himself to little girls—kept them out of the woods and in their own backyards. But Tracy and Lisa aren't so little anymore, and the man in the woods is nothing but a stupid legend. Right?

But someone is in the woods. Someone is watching. And he knows all their secrets, secrets they can't tell anyone—not even each other.

"Monsters don't exist."

Lisa's just being paranoid. At least that's what Tracy thinks. But when a disturbing "gift" confirms her worst fears, it sets the girls on a dangerous journey that takes them beyond the edge of the woods. But reality is more terrifying than the most chilling myth, and what they find will test the bonds of friendship, loyalty, and love.

"Once upon a time, two girls were lost in the woods."

In Barbara's Stewart's *What We Knew*, Tracy and Lisa can't destroy the evil they'll face, but can they stop it from destroying each other?

My Story of Surviving the Toughest Challenge and Training the Best

Brandon Webb; Foreword by Marcus Luttrell

“A behind-the-scenes look at the best sniper program in the world.”— Chris Kyle, USN (Ret.), SEAL Team 3 Chief and bestselling author of *AMERICAN SNIPER*

Members of the Navy SEAL elite sniper corps must complete some of the toughest and longest military training in the world. From his grueling years of training in Naval Special Operations to his combat tours in the Persian Gulf and Afghanistan, *THE MAKING OF A NAVY SEAL* is a rare look at the inner workings of the U.S. military through the eyes of a covert operations specialist.

But it is Webb’s second career as a lead instructor for the shadowy “sniper cell” and Course Manager of the Navy SEAL Sniper Program that trained some of America’s finest warriors—including Marcus Luttrell (*LONE SURVIVOR*) and Chris Kyle (*AMERICAN SNIPER*)—that makes this story so special. *THE MAKING OF A NAVY SEAL* is Webb’s tale of overcoming the odds to be the best, and a secret look inside one of the finest and most difficult military training courses ever.

Hide and Seek

Jane Casey

Jess Tennant's classmate is kidnapped right before the Christmas holiday in this third novel in Jane Casey's brilliant young adult mystery series

It's Christmas in Port Sentinel, the tiny English town where Jess Tennant has been living for more than a year now. She wasn't sure how she felt about moving away from London when her mom dragged her to Port Sentinel right before the beginning of high school, but even Jess has to admit the town has completely outdone itself for the holidays. There's a Christmas market complete with mini ice-rink, and fairy lights decorate the bare trees all over town.

For one of Jess's classmates, though, the Christmas season is anything but magical. She's been kidnapped and is being held in a dilapidated cottage near a deserted beach. And Jess might be the only one who can figure out where she is in time to rescue her.

Hide and Seek is another delightfully clever young adult mystery from beloved author Jane Casey.

PRAISE

Praise for *How to Fall*

"[A] fast-paced thriller."—*Publishers Weekly*

"Casey creates a stark, immersive setting and believably despicable teenage characters... The clever banter and the truly devious side characters will keep readers invested... [A] page-turner."—*Kirkus Reviews*

"*How to Fall* is a very gripping book, it just makes you want to read it all in one go."—*The Guardian* (UK)
