## True Storm

L.E. Sterling

**The highly anticipated conclusion to a high-concept sci-fi series perfect for fans of Moira Young, Alexandra Bracken, or Marie Lu.**

If you can't beat them, *change them.*

Lucy's twin sister, Margot, may be safely back with her—but all is not well in Plague-ravaged Dominion City. The Watchers have come out of hiding, spreading chaos and death throughout the city, and suddenly Lucy finds herself under pressure to choose her future: does it lie with her handsome new friend Alastair; her guardian, the enigmatic True Born leader Nolan Storm; or the man who makes her heart trip, her savage True Born bodyguard Jared Price? But while Lucy ponders her path, fate has other plans. Betrayal is a cruel lesson, and the Fox sisters can hardly believe who is behind the plot against them. To survive this deadly game of politics, Lucy is forced to agree to a marriage of convenience. But is the DNA of her will stronger than the forces opposing her? Can she turn the tide against the oncoming storm?

As they say in Dominion, can rogue genes ever have a happy ending?

L.E. Sterling had an early obsession with sci-fi, fantasy and romance to which she remained faithful even through an M.A. in Creative Writing and a PhD in English Literature - where she completed a thesis on magical representation. She is the author of cult hit Y/A novel *The Originals* (under pen name L.E. Vollick) and the urban fantasy *Pluto's Gate*. Originally hailing from Parry Sound, Ontario, L.E. spent most of her summers roaming across Canada in a van - inspiring her writing career.

## Spies, Lies, and Allies

Lisa Brown Roberts

**Signature humor and heart-pounding romance meet *Pride and Prejudice* in Lisa Brown Roberts's latest romantic comedy.**

No one knows why Julian Adair left his fancy boarding school to complete his senior year at Longbourn High School, and he's not about to tell anyone - especially not the bossy Abby Bennet who runs the school service hours project with an iron fist.

Abby is determined to humble the arrogant newcomer via his service project, and he's just as determined to dodge the requirement. Julian came home for an important reason, and the last thing he needs is a pesky do-gooder interfering in his life.

Tempers flare and misunderstandings escalate between Julian and Abby, and when a wave of robberies rattles the town of Meryton- casting suspicion on Julian- Abby isn't sure what to believe about the enigmatic newcomer.

Julian loves to fly solo in his beloved Cessna, but for the first time in his life he considers the benefits of a co-pilot...especially one as irritating-and appealing- as Abby.

Lisa Brown Roberts still hasn't recovered from the teenage trauma of nearly tweezing off both eyebrows and having to pencil them in for an entire school year. This and other angst-filled memories inspire her to write YA books about navigating life's painful and funny dramas, and falling in love along the way. She lives in Colorado in a house full of books, boys, four-legged prima donnas, and lots of laughter.

## Bring Me Their Hearts

Sara Wolf

**A lush, unique new fantasy trilogy about a girl tasked with stealing the prince's heart...literally, from the *New York Times* bestselling author of the *Lovely Vicious* series.**

Zera is a Heartless – the immortal, unaging soldier of a witch. Bound to the witch Nightsinger ever since she saved her from the bandits who murdered her family, Zera longs for freedom from the woods they hide in. With her heart in a jar under Nightsinger's control, she serves the witch unquestioningly.

Until Nightsinger asks Zera for a Prince's heart in exchange for her own, with one addendum; if she's discovered infiltrating the court, Nightsinger will destroy her heart rather than see her tortured by the witch-hating nobles.

Crown Prince Lucien d'Malvane hates the royal court as much as it loves him – every tutor too afraid to correct him and every girl jockeying for a place at his darkly handsome side. No one can challenge him – until the arrival of Lady Zera. She's inelegant, smart-mouthed, carefree, and out for his blood. The Prince's honor has him quickly aiming for her throat.

So begins a game of cat and mouse between a girl with nothing to lose and a boy who has it all.

Winner takes the loser's heart.

Literally.

Sara Wolf is a writer, Sox fan, wine girl, and author of the *Lovely Vicious* series. She lives in San Diego, California, where she burns instead of tans. When she isn't pouring her allotted life force into writing, she's reading, accidentally burning houses down whilst baking, or making faces at her highly appreciative cat. <http://sarawolfbooks.blogspot.com/>

## Black Bird of the Gallows

Meg Kassel

**A dark psychological romance perfect for fans of Holly Black or Maggie Stiefvater, whose sequel won the Golden Heart® for Best Young Adult Romance.**

A simple but forgotten truth: Where harbingers of death appear, the morgues will soon be full. Harbingers settle in places where tragedy is about to strike, then feed on the energy of the dying. Then, they leave. Off to the next doomed place. No one wants a family of harbingers of death as neighbors, but that's exactly what seventeen-year-old Angie Dovage gets when Reece Fernandez moves in next door.

Angie knows the mysterious boy is more than he appears, but can't imagine that his presence heralds a massive tragedy that will soon devastate the region. She has more to worry about than Reece's inevitable departure, because where harbingers of death go, the Beekeepers follow. Their sting turns sane people crazy, kind people into killers. Where Beekeepers go, people die. Quite horribly, in fact. Their love of chaos makes a disaster that much harder to survive, and they are stinging at will, causing a sudden epidemic of violence in her quiet mining town.

Angie wants to protect everyone she cares about, but stopping the Beekeepers involves a choice that will claim her life or Reece's soul. She's about to learn the price of both.

Debut author Meg Kassel is a New Jersey native who graduated from Parson's School of Design and worked as a graphic designer before embracing her true passion. She lives in Maine with her family. A fan of '80s cartoons, Netflix, and ancient mythology, Meg has always been inspired by the fantastic and creepy. When she's not writing, Meg is reading and hanging out with her family.
