### The Ninth Nightmare by Graham Masterton

**'Truly creepy' *Kirkus***

**The original and terrifying conclusion to a supernatural horror series from the master of horror himself, Graham Masterton.**

For eight hundred years, Albrecht's Travelling Circus & Freak Show has been trapped in the realm of dreams. Its creator, a thirteenth-century monk whose punishment for adultery was the amputation of his arms and legs, was thwarted in his mission to corrupt all who saw him and his carnival of freaks.

Now, a serial killer has found a way to bring the carnival back into the real world, and only an unlikely group of strangers, who have been seeing impossible visions in both dreams and waking life, can stop it from happening.

But the enemy that these fledgling Night Warriors will have to face is much more than a nightmare. And to protect the world, they will have to shake the very walls of heaven";

### Nothing Special

by Nicole Flattery

**A wildly original, gorgeous . . . brave and effecting" ( *New York Times Book Review* ) coming-of age novel about a teenage girl working at Andy Warhol's Factory in 1960s New York.**

New York City, 1966. Seventeen-year-old Mae lives in a rundown apartment with her alcoholic mother and her mother's sometimes-boyfriend, Mikey. She is turned off by the petty girls at her high school, and the sleazy men she typically meets. When she drops out, she is presented with a job offer that will remake her world entirely: she is hired as a typist for the artist Andy Warhol.

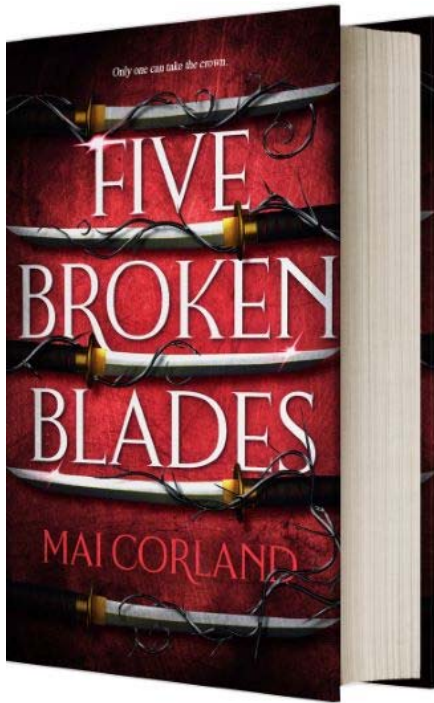

Warhol is composing an unconventional novel by recording the conversations and experiences of his many famous and alluring friends. Tasked with transcribing these tapes alongside several other girls, Mae quickly befriends Shelley and the two of them embark on a surreal adventure at the fringes of the countercultural movement. Going to parties together, exploring their womanhood and sexuality, this should be the most enlivening experience of Mae's life. But as she grows increasingly obsessed with the tapes and numb to her own reality, Mae must grapple with the thin line between art and voyeurism and determine how she can remain her own person as the tide of the sixties sweeps over her.

For readers of Ottessa Moshfegh and Mary Gaitskill, *Nothing Special* is a whip-smart, mordantly funny coming-of-age story that brings to life the experience of young girls (...)

### Christopher Isherwood Inside Out

by Katherine Bucknell

**A stunningly intimate exploration of the writer and gay cultural icon and of his lifelong search for authenticity.**

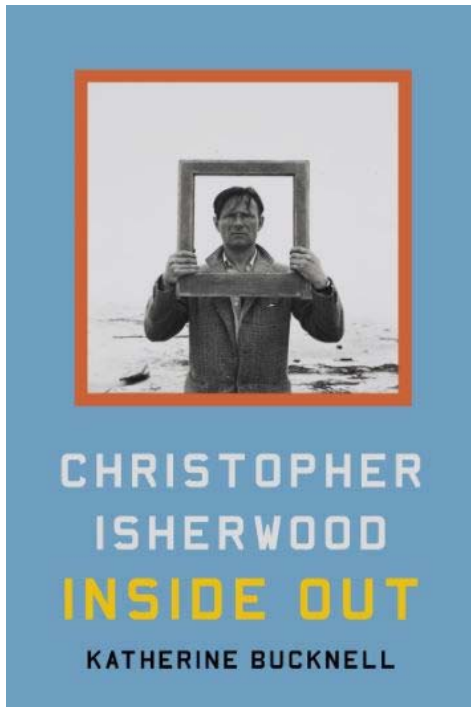

The story of Christopher Isherwood's life is one of pilgrimage: away from the constraints of inheritance and empire and toward authenticity and spiritual illumination. Isherwood - the author of *Goodbye to Berlin*, which inspired *Cabaret*, and *A Single Man* - was born an heir to a crumbling English estate. He died an icon of gay liberation in California while his partner of thirty years, Don Bachardy, painted his death portrait.

Isherwood began his career depicting the psychological wreckage of World War I. Living in Berlin, his stories and plays (cowritten with W. H. Auden), inspired by the city's nightlife and artistic underbelly, made him famous. With the rise of fascism and the Gestapo's arrest of his boyfriend, Isherwood left the country and found work as a screenwriter in Hollywood, where he became the disciple of a Hindu monk, Swami Prabhavananda. Together they translated the Bhagavad Gita.

Isherwood shed his family ghosts and became a chief instigator of the cultural shift that made gay liberation possible. Every step of the journey served his writing; one of our greatest diarists, he recorded his experiences and transformed them in fiction and memoir. Katherine Bucknell charts the quest of the restless, penetrating, blackly comic mind through books, films, foreign lands, love affairs, and collaborations for self-understanding and happiness. Here is *Christopher Isherwood Inside Out*

### Author Bio

**Katherine Bucknell** is the editor of four volumes of diaries by Christopher Isherwood, *The Animals*, a volume of letters between Christopher Isherwood and his partner Don Bachardy, and W.H. Auden's *Juvenilia: Poems 1922-1928*. She is director of the Christopher Isherwood Foundation, as well as a founder of the W. H. Auden Society and co-editor of *Auden Studies*. Bucknell is also the author of four novels, *Canarino*, *Leninsky Prospekt*, *What You Will*, and *+1*. She lives in London.

### Paradise Bronx

The Life and Times of New York's Greatest Borough

by Ian Frazier

**Ian Frazier's magnum opus: a love song to New York City's most heterogeneous and alive borough.**

For the past fifteen years, Ian Frazier has been walking the Bronx. *Paradise Bronx* reveals the amazingly rich and tumultuous history of this amazingly various piece of our greatest city. From Jonas Bronck, who bought land from the local Native Americans, to the formerly gang-racked South Bronx that gave birth to hip-hop, Frazier's loving exploration is a moving tour de force about the polyglot culture that is America today.

During the Revolution, when the Bronx was unclaimed territory known as the Neutral Ground, some of the war's decisive battles were fought here by George Washington's troops. Gouverneur Morris, one of the most colorful Founding Fathers, owned a huge swath of the Bronx, where he lived when he was not in Paris during the French Revolution or helping write the US Constitution.

Frazier shows us how the coming of the railroads and the subways drove the settling of the Bronx by various waves of immigration - Irish, Italian, Jewish (think the Grand Concourse), African American, Caribbean, Puerto Rican (J. Lo is one of the borough's most famous citizens). The romance of the Yankees, the disaster of the Cross Bronx Expressway, the invention of rap and hip-hop, the resurgence of community as the borough's communities learn mutual aid - all are investigated, recounted, and celebrated in Frazier's inimitable voice.

This is a book like no other (...)

### Author Bio

Ian Frazier's books, all published by FSG, include *Great Plains*, *Travels in Siberia*, *Dating Your Mom*, and many other classic works of nonfiction and humor. A frequent contributor to *The New Yorker*, he lives in Montclair, New Jersey.

### Smoke and Ashes

Opium's Hidden Histories

by Amitav Ghosh

**Ghosh unravels the impact of the opium trade on global history and in his own family-the climax of a yearslong project.**

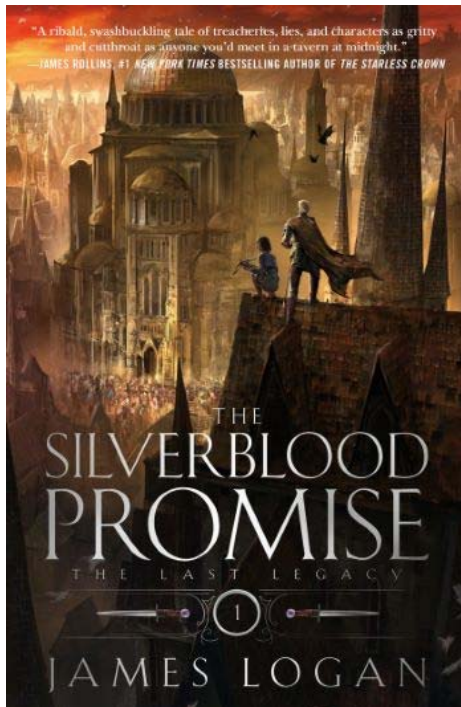

When Amitav Ghosh began the research for his monumental cycle of novels the Ibis trilogy ten years ago, he was startled to learn how the lives of the nineteenth-century sailors and soldiers he wrote about were dictated not only by the currents of the Indian Ocean but also by the precious commodity carried in enormous quantities on those currents: opium. Most surprising of all, however, was the discovery that his own identity and family history were swept up in the story.

*Smoke and Ashes* is at once a travelogue, a memoir, and an essay in history, drawing on decades of archival research. In it, Ghosh traces the transformative effect the opium trade had on Britain, India, and China, as well as the world at large. The trade was engineered by the British Empire, which exported Indian opium to sell to China to redress their great trade imbalance, and its revenues were essential to the empire's financial survival. Tracing the profits further, Ghosh finds opium at the origin of some of the world's biggest corporations, of America's most powerful families and prestigious institutions (from the Astors and Coolidges to the Ivy League), and of contemporary globalism itself.

Moving deftly between horticultural histories, the mythologies of capitalism, and the social and cultural repercussions of colonialism, in *Smoke and Ashes* Amitav Ghosh reveals the role that one small plant had in making our world, now teetering on the edge of catastrophe.

But at the stroke of midnight, as a storm rages, Nana is found dead. And an hour later, the next family member follows. . .

## Drown Me with Dreams

by Gabi Burton

**In book two of this seductive YA fantasy duology, a siren must decide if saving her kingdom is worth betraying the boy she loves.**

Saoirse Sorkova is the most wanted fugitive in Keirdre. To help her escape imprisonment, the newly-crowned King Hayes asks her to cross the magical barrier that separates Keirdre from its enemies, in hopes of bringing the barrier down and creating a more just society.

But the legacies of hate and corruption in Kierdre are hard to dismantle. As Hayes is forced to make compromises and Saoirse uncovers plots that threaten the entire kingdom, she starts to wonder if Hayes will really be able to bring about the change he's promised.

Soon, Saoirse is forced to question: What if Hayes isn't the best future for Keirdre? And if he's not--is she willing to turn against him?

In this propulsive sequel full of romance and twists, Burton questions whether broken systems can change or whether they need to be destroyed.

## Author Bio

Gabi Burton grew up reading and writing in St. Louis, Missouri. She graduated from Bowdoin College in Brunswick, Maine in 2021. Now, she works as a paralegal and author on the East Coast.
