FANTASY SUPER LEAD

Brandon Sanderson

The Bands of Mourning

#1 *New York Times* bestselling author continues the saga of *Mistborn*

With *The Alloy of Law* and *Shadows of Self*, Brandon Sanderson surprised readers with a *New York Times* bestselling spinoff of his Mistborn books, set after the action of the trilogy, in a period corresponding to late 19th-century America.

Now, with *The Bands of Mourning*, Sanderson continues the story. The Bands of Mourning are the mythical metalminds owned by the Lord Ruler, said to grant anyone who wears them the powers that the Lord Ruler had at his command. Hardly anyone thinks they really exist. A kandra researcher has returned to Elendel with images that seem to depict the Bands, as well as writings in a language that no one can read. Waxillium Ladrian is recruited to travel south to the city of New Seran to investigate. Along the way he discovers hints that point to the true goals of his uncle Edwarn and the shadowy organization known as The Set.

KEY SELLING POINTS:

* LATEST INSTALLMENT OF THE MISTBORN SERIES: *The Bands of Mourning* is the sequel to *Shadows of Self* and part of the Mistborn series, but can be read as a stand-alone
* SANDERSON IS AN SF/F ROCK STAR: Sanderson is one of fantasy's biggest stars and a constant fixture on the *New York Times* bestseller list, with a rapidly growing audience and dedicated fanbase

For the Mistborn series and Brandon Sanderson

"Sanderson is an evil genius. There is simply no other way to describe what he's managed to pull off in this transcendent final volume of his Mistborn trilogy."
—*RT Book Reviews* (Gold Medal, Top Pick!) on *The Hero of Ages*

"It's rare for a fiction writer to have much understanding of how leadership works and how love really takes root in the human heart. Sanderson is astonishingly wise."
—Orson Scott Card

David Hagberg

The Fourth Horseman

Kirk McGarvey races to avert nuclear war in this heart-pounding next installment in David Hagberg's *NYT* bestselling series

Kirk McGarvey has accepted the most critical contract of his career: kill the most dangerous, heavily protected terrorist alive—a man who is about to hand two hundred Pakistani nukes over to the world's most frightening terrorists.

Pakistan is torn apart by street riots, and Islamist terror groups are on the verge of toppling its shaky secular government. The CIA sends Pakistan expert David Haaris to meet with leaders of the military-intelligence apparatus that all but controls the country and try to prevent the government's impending disintegration. But Haaris has other ideas. An Islamist double-agent working for Pakistani terrorists, David Haaris beheads the president and attempts to bring the region's most horrendous terror groups to power. If he succeeds, the terrorists will possess enough nuclear weapons to destroy all the developed world's capital cities.

Only one man can stop Haaris's plan—legendary CIA assassin, Kirk McGarvey. He must kill Haaris, the terrorists' leader, the man they call "the Messiah"—code name: The Fourth Horseman.

KEY SELLING POINTS:

Neal Griffin

A Voice from the Field

"Griffin is a solid storyteller and I look forward to more of his work." --T. Jefferson Parker, *New York Times* bestselling author

Tia Suarez is a good cop. The former Marine sometimes butts heads with bureaucrats, attorneys, even her own commanding officer, in the name of justice. Being shot in the line of duty barely slowed her down, though she struggles with the lingering effects of PTSD.

Arms-dealer Gunther Kane is the leader of a group of white supremacists based in tiny Newberg, Wisconsin. Preparing to make a major purchase of automatic weapons which he'll sell at a tidy profit to criminals and militiamen alike, Kane buys a teenage Mexican girl from a *coyote* and uses her to "entertain" paying customers.

When Kane's path crosses Tia's—when she hears the girl pleading for her life—the stage is set for a confrontation that will break all the rules. Tia has stumbled onto a major federal operation…one that is riddled with double-agents and traitors.

Things are about to go very bad, very fast. Dismissed as "only a local cop," Tia will have one chance to stop Gunther Kane. She can't afford to miss.

KEY SELLING POINTS:

* BESTSELLING AUTHOR: Neal Griffin's debut novel *Benefit of the Doubt* was a *LA Times* bestseller and a Winter Institute Buzz Book (Spring/Summer 2015 Adult)
* FAN-FAVORITE CHARACTER: Many readers remarked on Griffin's ability to write believable and sympathetic female characters. In this book, he's taken a supporting character from *Benefit of the Doubt* and made her the star of the story
* DIVERSE CHARACTERS: In addition to being a strong female character, Tia Suarez and her boyfriend are both former military (she: Army; he: Marines--and an amputee), which might appeal to readers currently serving and to vets

LEAD FANTASY

Charles de Lint

The Onion Girl

Charles de Lint's stunning new novel of magic and danger in the modern world

In novel after novel, Charles de Lint has brought an imaginary North American city to vivid life. Newford: where magic lights dark streets; where myths walk in modern shapes; where humans and older beings must work to keep the whole world turning.

At the center of the entwined lives of all the Newford tales stands a young artist named Jilly Coppercorn, whose paintings capture the hidden beings that dwell in Newford's shadows. With her tangled hair, her paint-splattered jeans, a smile perpetually on her lips, she's darted in and out of the Newford tales. Now, at last, we have Jilly's own story--for behind the painter's fey charm there's a dark secret, and a past she's labored to forget. And that past is coming to claim her now, threatening all she loves.

"I'm the onion girl," Jilly Coppercorn says. "Pull back the layers of my life, and you won't find anything at the core. Just a broken child. A hollow girl." She's run from the past and the truth for so long. She's very, very good at running. But life has just forced Jilly to stop.

KEY SELLING POINTS:

* De Lint has long been known as the father of urban fantasy, but his work has strong similarities to mainstream magical realism like the works of Barbara Kingsolver or Isabel Allende and would be good read-alikes for those authors as well as Emma Bull
* De Lint is strong with genre readers (a regular *Locus* bestseller) and strong with a broader alternative-culture "New Age" audience, but his books (*The Onion Girl* in particular) would be excellent YA crossover titles due to tone, subject, and multiple young female protagonists
* A winner and frequent nominee for the World Fantasy Award, de Lint's work sells well to the Science Fiction Book Club, and he is very well-known in Canada and has been profiled in national newspapers and magazines there

"De Lint is a master of the modern urban folktale."
