Trump Must Go
The Top 100 Reasons to Dump Trump (And One to Keep Him) by Bill Press

I'd give us an A. -Donald Trump, on his first 100 days in office.

Americans increasingly agree on one thing: Every day that Trump stays in office, he diminishes the United States and its people.

In Trump Must Go, TV and radio host Bill Press offers 100 reasons why Trump needs to be removed from office, whether by impeachment, the 25th Amendment, or the ballot box.

Beginning with the man himself and moving through Trump's executive action damage, Press covers Trump's debasement of the United States political system and destruction of the Republican Party. Ranging from banning federal employees' use of the phrase "climate change," to putting down Haiti, El Salvador, and African nations as "shithole" countries, we have to wonder what he'll do next. He has a bromance with Putin that enables several meetings between Trump staffers and Russian officials, and he has a wrecking crew administration: Attorney General Jeff Sessions, Education Secretary Betsy DeVos, and Housing Secretary Ben Carson, to name a few. Extensive "executive time" marks Trump's calendar so he can golf, watch TV, and eat fast food. Trump has done it all...badly.

But, in a political climate where the world has learned to expect the unexpected, Press offers readers a twist: one reason not to ditch Donald Trump.

Desperate and starving, armed with aging, faulting equipment, the team jumps at the chance for a risky resupply mission, even if it means not all of them might come. What they discover could change the course of the war.

By turns harrowing and hilarious, this ambitious novel cycle dissects the English upper class. A Guinea Pig Christmas Carol
by Charles Dickens, Tess Gammell and Alex Goodwin

Miserable to the core and wholly unwilling to extend a paw to help those in desperate need, the miserly Ebenezer Scrooge says bah, Humbug! to the festive season. But one night he is visited by three Christmas Spirits who take him on a journey through time, so he can see the error of his ways and learn the true meaning of Christmas.

This is Charles Dickens's joyful Christmas tale, retold in an entirely new way.

Like a comfortable armchair upon which you might read one of these tiny masterpieces, the success of the series - and let there be no doubt that it is a triumph - rests on four points: the iconic but charming literature upon which each book is based; the unwavering cuteness of the guinea pigs; the delightful styling of each photograph with costumes by Newall; the sparse brevity of Goodwin's adaptations that preserve the essence, the aesthetic, and the language of the original." - Los Angeles Review of Books

"A sweet take on Shakespeare's tragic love story . . . Fully illustrated with guinea pigs in costumes worthy of The Globe Theatre in London, this book is definitely not one to miss." - BookTrib on A GUINEA PIG ROMEO & JULIET
