In *The Ravenmaster*, he lets us in on his life as he feeds his birds raw meat and biscuits soaked in blood, buys their food at Smithfield Market, and ensures that these unusual, misunderstood, and utterly brilliant corvids are healthy, happy, and ready to captivate the four million tourists who flock to the Tower every year.

A rewarding, intimate, and inspiring partnership has developed between the ravens and their charismatic and charming human, the Ravenmaster, who shares the folklore, history, and superstitions surrounding the ravens and the Tower. Shining a light on the behavior of the birds, their pecking order and social structure, and the tricks they play...

Shotguns and Stagecoaches
The Brave Men Who Rode for Wells Fargo in the Wild West
by John Boessenecker

The phrase “riding shotgun” was no teenage game to the men who guarded stagecoaches and trains on the Western frontier. Armed with sawed-off, double-barreled shotguns and an occasional revolver, these express messengers guarded valuable cargo through lawless terrain. They were tough, fighting men who risked their lives every time they climbed into the front boot of a Concord coach.

Boessenecker introduces soon-to-be iconic personalities like “Chips” Hodgkins, an express rider known for his white mule and his ability to outrace his competitors, and Henry Johnson, the first Wells Fargo detective. Their lives weren’t just one shootout after another—their encounters with desperadoes were won just as often with quick wits and memorized-by-heart knowledge of the land.

The highway robbers also get their due. It wouldn’t be a book about the Wild West without Black Bart, the most infamous stagecoach robber of all time, and Butch Cassidy’s gang, America’s most legendary train robbers.

Live Long And . . .
What I Might Have Learned Along the Way
by William Shatner and David Fisher

I have always felt, William Shatner says early in his newest audiobook memoir, that "like the great comedian George Burns, who lived to 100, I couldn't die as long as I was booked." And Shatner is always booked.

Still, a brief health scare in 2016 forced him to take stock. After mulling over the lessons he's learned, the places he's been, and all the miracles and strange occurrences he's witnessed over the course of an enduring career in Hollywood and on the stage, he arrived at one simple rule for living a long and good life: don't die.

It's the only one-size-fits-all advice, Shatner argues in Live Long and . . .: What I Might Have Learned Along the Way, because everyone has a unique life. But, to help us all out, he's more than willing to share stories from his unique life. With a combination of pithy humor and thoughtful vulnerability, Shatner lays out his journey from childhood to peak stardom and all the bumps in the road. (Sometimes the literal road, as in the case of his 2,400-mile motorcycle trip across the country with a bike that didn't function.)

The Christmas Star

When he attends the Glory's Place annual fundraiser, however, Gabe gets an unexpected surprise: the woman Bella wants him to meet is his ex-wife, Amy.

As Christmas nears, Bella continues to push Gabe and Amy together, despite their protests. Mr. Trump’s Wild Ride
The Thrills, Chills, Screams, and Occasional Blackouts of His Extraordinary First Year in Office
by Major Garrett

American politics today are more polarizing and divisive than ever, but there's one thing we can all agree on; 2017 was one long, crazy year. There were too many triumphs and tragedies to count, and dozens of moments that will impact our lives for years to come; for even the most die-hard political junkies, some of the details are already starting to fall through the cracks. When every year in Trumpland feels like a decade, who can we turn to for an authoritative, entertaining breakdown of the most important and wide-reaching events? Look no further than Major Garrett. As CBS News' Chief White House Correspondent, he's been strapped into the front seat of Mr. Trump's Wild Ride since Inauguration Day.

Garrett has served as a White House correspondent for nearly two decades, covering the last four presidents for three different news outlets; he's an expert in executive branch intrigue, and he knows a little something about taking the long view. Mr. Trump's Wild Ride is neither an exercise in Trump-bashing nor a pro-Trump pep rally.

The Dichotomy of Leadership
Balancing the Challenges of Extreme Ownership to Lead and Win
by Jocko Willink and Leif Babin

It’s a given that every leader must be ready and willing to take charge, to make hard, crucial calls for the good of the team and the mission. Something much more difficult to understand is that, in order to be a good leader, one must also be a good follower. This is a dichotomy; a Dichotomy of Leadership. It is, as authors Jocko Willink and Leif Babin explained in their bestselling first audiobook *Extreme Ownership*, “Simple, Not Easy.” Now, in *The Dichotomy of Leadership*, listeners discover the power inherent in the recognition of the fine line that leaders must walk, balancing between two seemingly opposite inclinations. It is with the knowledge and understanding of this balance that a leader can most effectively lead, accomplish the mission and achieve the goal of every leader and every team: Victory.

In *The Dichotomy of Leadership*, Willink and Babin reveal how the use of seemingly opposite principles—leading *and* following, focusing *and* detaching, being both aggressive *and* prudent—requires skill, awareness, understanding and dexterity; all attributes that can be honed. These dichotomies are inherent in many of the concepts

by Rebecca Serle

When Sabrina Nielsen arrives at her thirtieth birthday dinner she finds at the table not just her best friend, but also her favorite professor from college, her father, her ex-fiance Tobias, and Audrey Hepburn.

And what if that dinner was to actually happen? These are the questions Sabrina contends with in Rebecca Serle's utterly captivating audiobook, *The Dinner List*, a story imbued with the same delightful magical realism as *Sliding Doors* and *The Rosie Project*.

As the appetizers are served, wine poured, and dinner table conversation begins, it becomes clear that there's a reason these six people have been gathered together, and as Rebecca Serle masterfully traces Sabrina's love affair with Tobias and her coming of age in New York City, *The Dinner List* grapples with the definition of romance, the expectations of love, and how we navigate our way through it to happiness. Oh, and of course, wisdom from Audrey Hepburn.

Untitled Roger Daltrey Autobiography
by Roger Daltrey

It's taken me three years to unpick the events of my life, to remember who did what when and why, to separate the myths from the reality, to unravel what really happened at the Holiday Inn on Keith Moon's 21st birthday," says Roger Daltrey, the powerhouse vocalist of The Who. The result of this introspection is a remarkable audiobook memoir, instantly captivating, funny and frank, chock-full of well-earned wisdom and one-of-kind anecdotes from a raucous life that spans a tumultuous time of change in Britain and America.

Born during the London Blitz in March 1944, Daltrey fought his way (literally) through school and poverty to assemble the band that would become The Who, while working at a sheet metal factory in 1961. In Daltrey's voice, the familiar stories-how they got into smashing up their kit, the infighting, Keith Moon's antics - take on a new, intimate life.

Here is the creative journey through the unforgettable hits including My Generation, Substitute, Pinball Wizard, and the great albums, Who's Next, Tommy, Quadrophenia. Amidst all the music and mayhem, the drugs, the premature deaths, the ruined hotel

The Flame
Poems and Notebooks
by Leonard Cohen

Just weeks before his death in late 2016, Leonard Cohen told The New Yorker that he was ready for the end to come. He just wanted enough time to put his last thoughts in order. Fortunately, that time was granted. The Flame is Cohen's eloquent farewell, a valedictory collection of lyrics and poems that map his singular creative journey. In the words of his citation from the Rock and Roll Hall of Fame, "For six decades, Leonard Cohen revealed his soul to the world through poetry and song - his deep and timeless humanity touching our very core."

In addition to new poems about war, desire, regrets, lamb chops, and hummingbirds, and lyrics from his last three albums, including the chart-topping "You Want it Darker," The Flame includes carefully selected excerpts from Cohen's voluminous notebooks, which he faithfully kept over the years. Listeners will find in these pages the subjects that have always preoccupied Cohen: the dimensions of love, the secret code of existence, and the hope for transcendence in a broken world.
Meet the Bright Young Things, the rabble-rousing hedonists of the 1920s whose treasure hunts enrapture the media. One of their games, taking place at the 18th birthday party of Pamela Mitford, ends in tragedy as cruel, charismatic Adrian Curtis is pushed to his death from the bell tower of the church neighboring the Mitford home, Asthall Manor.

The police quickly identify the killer as a maid, Dulcie, who is discovered to be a member of a notorious gang of female thieves, the Forty Elephants. But Louisa Cannon, chaperone of the Mitford girls and a former criminal herself, believes Dulcie is innocent, and alongside Pamela and Nancy Mitford, sets out to clear the girl’s name… all while the real killer lurks, perhaps only around the corner…

A Well-Behaved Woman
A Novel of the Vanderbilts
by Therese Anne Fowler
In 1883, the New York Times prints a lengthy rave of Alva Vanderbilt's Fifth Ave. costume ball—a coup for the former Alva Smith, who not long before was destitute, her family's good name useless on its own. Marrying into the newly rich but socially scorned Vanderbilt clan, a union contrived by Alva's best friend and now-Duchess of Manchester, saved the Smiths—and elevated the Vanderbilts.

From outside, Alva seems to have it all and want more. She does have a knack for getting all she tries for: the costume ball—no mere amusement-wrests acceptance from doyenne Caroline Astor. Denied a box at the Academy of Music, Alva founds The Met. No obstacle puts her off for long.

But how much of ambition arises from insecurity? From despair? From refusal to play insipid games by absurd rules? -There are, however, consequences to breaking those rules. One must tread carefully.

For Colored Girls Who Have Considered Politics by Leah Daughtry, Yolanda Caraway and Minyon Moore

The lives of black women in American politics are gravely absent from digital bookshelves and libraries. For Colored Girls Who Have Considered Politics is a sweeping view of American history from the vantage points of five women who have lived and worked behind the scenes in politics for over thirty years - Donna Brazile, Yolanda Caraway, Leah Daughtry, Tina Flournoy and Minyon Moore—a group of women otherwise known as The Colored Girls. Their varied lives and experiences form the heart of this inspirational audiobook.

Like many people who have spent their careers in public service, they view their lives in four-year waves, where presidential campaigns and elections define day-to-day conditions. For most of the Colored Girls, the story starts with Jesse Jackson's first campaign for president. Many went on to work on the presidential campaigns of Walter Mondale, Michael Dukakis, Bill Clinton, Al Gore, Barack Obama and Hillary Rodham Clinton. Over the years, they've filled many roles: in the corporate world, on campaigns, in unions, in churches, in their own businesses, and in the White House. They've worked with those who have shaped our country's history - US Presidents such as Bill

The Nevernight Chronicle is a complex fantasy series about Mia Corvere, a kick-butt, flawed heroine who trains as an assassin as part of her mission for personal revenge. But for Lady Emily and her dashing husband Colin, the grieving is cut short as another royal death takes center stage. A body has been found in the Tower of London, posed to look like the murdered medieval king Henry VI. Soon after a second dead man turns up in London’s exclusive Berkeley Square, his mutilated remains staged to evoke the violent demise of Edward II, it becomes evident that the individual behind the crimes plans to kill again and again. The race to find him takes Emily deep into the capital’s underbelly, with its secret gangs, street children, and sleazy brothels. But the clues aren’t adding up, and even more puzzling are the anonymous letters Colin has been receiving since Victoria’s death. Is someone threatening her successor, Edward VII?

Trumponomics
Inside the America First Plan to get our Economy Back on Track
by Lawrence Kudlow, Stephen Moore and Arthur B. Laffer

Almost every area of Donald Trump's presidency has been fraught with controversy, with one notable exception - economics. Even his staunchest opponents grudgingly admit that so far, Trump's policies have been good for business.

In Trumponomics, conservative economists Lawrence Kudlow, Stephen Moore, and Arthur Laffer offer the first strong defense of the president's approach to trade, taxes, employment, infrastructure, and more. Kudlow, Moore, and Laffer were instrumental in forming the economic policy that became the backbone of Trump's appeal as a candidate, and they still advise the president on economic policy. Trumponomics argues for the success of the policies that have already been implemented, refutes criticism of the president's populist economic agenda, and explains further steps he can take to bring back American prosperity.

**Buseyisms**
Gary Busey's Basic Instructions Before Leaving Earth
by Gary Busey and Steffanie Sampson

Words of wisdom and incredible life stories, told through Gary Busey's unique *Buseyisms*.

What is a Buseyism? I take the letters that spell a word to create a definition for the word in the truth of its deeper, dimensional meaning. I weave in my personal anecdotes along with my musings on how I live life successfully according to my experiences.

Who am I, a genius, a crazy madman, to give advice? This is not advice. I am sharing the life lessons I learned while surviving the ups and downs of almost 50 years in Hollywood, a near fatal motorcycle accident, a drug overdose, two divorces, bankruptcy and cancer in the middle of my face. I may turn concepts you usually believe in upside down with my bizarre stories, but that comes with the dinner.

These are my life lessons, my B.I.B.L.E. - Basic Instructions Before Leaving Earth."

**Under the Knife**
by Arnold van de Laar, Laproscopic surgeon

From the story of the desperate man from seventeenth-century Amsterdam who grimly cut a stone out of his own bladder to Bob Marley's deadly toe, *Under the Knife* offers all kinds of fascinating and unforgettable insights into medicine and history via the operating theater.

From the dark centuries of bloodletting and of amputations without anaesthetic to today's sterile, high-tech operating theatres, *Under the Knife* is both a rich cultural history, and a modern anatomy class for us all.

The Hell of Good Intentions
America's Foreign Policy Elite and the Decline of U.S. Primacy
by Stephen M. Walt

In 1992, the United States stood at the pinnacle of world power and Americans were confident that a new era of peace and prosperity was at hand. Twenty-five years later, those hopes have been dashed. Relations with Russia and China have deteriorated, the European Union is wobbling, and violent extremism is spreading.

The reason for these recurring failures, Stephen M. Walt argues in The Hell of Good Intentions, is the combination of America's still-unmatched power and the foreign policy establishment's stubborn consensus around a strategy of "liberal hegemony." Because the United States is so powerful and secure, it can pursue ambitious foreign policy goals even when they are unnecessary and doomed to fail. Walt exposes the inner workings of the foreign policy elite across the Bush, Clinton, and Obama administrations and shows how they have been able to avoid accountability, keep discredited ideas and policies in vogue, and maintain influence despite past blunders.

Confronting the failures of three different presidents, Walt makes the case for a fresh

When the Killer Man Comes
Eliminating Terrorists As a Special Operations Sniper
by Paul Martinez and George Galdorisi

*When the Killer Man Comes* is the thrilling combat memoir by special operations sniper Paul Martinez, who spent seven years in Special Operations and was a sniper assigned to 3rd Ranger Battalion.

America has one force with the single mission of direct action to capture or kill the enemy. That force is the 75th Ranger Regiment. Staff Sergeant Paul Martinez was a Ranger Sniper with the 75th Rangers during the desperate fighting in Afghanistan in 2011 when the United States made the decision to try to withdraw from Afghanistan.

It was never going to be easy. There were still a large number of senior Taliban and al Qaeda leaders and other terrorists in secure locations throughout that country. If the United States withdrew from Afghanistan with these terrorists and their networks still intact, they could quickly take over the country and undo all the gains that we made.

These terrorists needed to be eliminated, and there was only one force to do it - the
