The Bone Throwers
by A.K. Wilder

The magic of Harry Potter meets the romance and intrigue of Victoria Aveyard in this thrilling first in a sweeping new fantasy series.

The Bone Throwers said Ash had potential, though by age seventeen, she’s not been able to raise her phantom and join the ranks of savants. To make matters worse, her best friend, Marcus Adicio, heir to the throne, raises a magnificent warrior phantom, pulling him deeper into a life Ash will never be part of. That is, until they set off for the sacred Isle of Aku.

Their journey takes them across enemy lands and a dark sea, home of the Mar, a beautiful, deadly race entombed beneath the waves. On board a black sailed carrack, Ash meets Nalin, the bosun’s mate, who awakens her memories, and her heart. As Nalin and Marcus lock horns, their path triggers a catastrophic event, one none of them can stop.

In a world on the brink of the next Great Dying, no amount of training will prepare them for what is to come.

Mirror Bound
by Monica Sanz

Endlessly romantic and beautifully dark, the second book in the Witchling Academy series delves into themes of forbidden romance, betrayal, and the cost of power.

Seraphina Dovetail, the seventh-born daughter of a witch, is desperate to find her family—a task made difficult both because she has no memory prior to two years ago and because of her recent expulsion from the Aetherium Witchling Academy. All she has left is hope—and her position as assistant to the young alchemy professor and moonlighting detective Nicolai Barrington.

When Barrington begins to sideline her during investigations, Sera has had enough. In spite of their growing attraction?she knows there is no future in a romance with him—she’s determined to master the skills needed to find her family. And if that means taking on her own investigation behind Barrington’s back, so be it.

When a girl plunges to her death, Sera is determined to uncover why the girl haunts her reflection in a mirror. But then an academy student goes missing, and soon after, their souls appear trapped in the mirror. As Sera tries to discover who is confining them, she uncovers a conspiracy to destroy the Witchling world. There’s more here than meets the eye... and looking too deeply could have deadly consequences.

Glow of the Fireflies
by Lindsey Duga

From the author of Kiss of the Royal comes another fast-paced, funny, and romantic read, this time taking inspiration from unique and not-often-seen mythology.

_Nestled deep within the Smoky Mountains is a world that exists beyond the physical plane..._

Briony wasn't supposed to come back.

Years ago, Alder went to extremes to protect her by blocking everything she knew of Firefly Valley from her memory—including their friendship. Seeing her now, a strong-willed young woman determined to find the truth behind her mother's disappearance, makes keeping his secret from her painful.

But if he doesn't he might lose Briony to the same deadly fate.

Alder won't leave her to meet this task on her own, though, not when he is the reason she can't remember what's at stake. As a nature spirit, flora and fauna bend to his will. But it will take more than a few tricks to stand up against powerful gods. No matter the cost, Briony resolves to rescue her mother, and Alder resolves to do whatever he must to keep Briony safe.

The Bookworm Crush
by Lisa Brown Roberts

This spinoff of The Replacement Crush featuring Amy and Toff is sure to melt your heart.

For every book nerd who’s ever crushed on a guy from afar, this sweet contemporary romance will be sure to melt your heart.

Amy McIntyre’s artistic dreams were crushed by a scathing art critic, but she’s determined to reboot her confidence this summer. She’s made a list of her flaws that need fixing, though she’s not quite sure how to tackle them. One thing she is sure of- she doesn’t need Toff Nichols declaring himself her wingman and taking over her list like a boss. Especially since he’s the reason for a secret to-do item on her list: BKoML (Best Kiss of My Life).

Toff Nichols plans to spend his summer surfing and partying, but when an injury sidelines him, he’s desperate to find something- or someone- to distract him until he can get back in the water. Enter Amy McIntyre, artist and book nerd. She needs him for her stupid list, even though she won’t admit it, because what kind of girl goes around listing her “flaws” when she’s flawless?

Fan favorite Hannah Moskowitz brings a snarky-yet-heartwarming take to the "sick lit" genre with her Entangled debut. Spoiler alert: they don't die in this one.

Isabel has one rule: no dating.

All the women in her family are heartbreakers, and she's destined to become one, too, if she's not careful. But when she goes to the hospital for her RA infusion, she meets a gorgeous, foul-mouthed boy who has her rethinking the no-dating rule and ready to risk everything.

Aleksander is chronically ill, too, and there's a softer side underneath all his jokes. Isabel finds herself unraveling the secrets of a real person, rather than crowd-sourcing her decisions through her online column Sick Girl Wants to Know.

They fall for each other hard and fast, but Isabel has known all along they were headed for disaster. When a devastating family secret threatens their love, can she find the strength to claim a brave new life with Aleksander, or will she retreat to the safety she's always depended on and break his heart?

Hannah Moskowitz is the author of Invincible and Break, an ALA popular paperback for Young Adults. Of her first middle grade novel, Zombie Tag, Booklist has said, Moskowitz deftly swerves between comedy, pathos, and even terror, and makes it look so effortless readers won't think twice about the strangeness of the mix.
Quinn Easterly is cursed. With one touch, she can see the end to someone's life. Everyday deaths, and ones that haunt her in her daydreams. Ones that have always proven impossible to prevent. She has finally learned to go about life as usual until she meets Griffin.

With one touch, she sees a death she simply cannot ignore. Not this time. Not when, dying in her arms, he whispers three simple words that change everything.

Even if Quinn can't change the future, can't save him, she at least has to try. Even if it means taking the bullet meant for him.

Keeper of the Bees
by Meg Kassel

KEEPER OF THE BEES is a tale of two teens who are both beautiful and beastly, and whose pasts are entangled in surprising and heartbreaking ways.

Dresden is cursed. His chest houses a hive of bees that he can't stop from stinging people with psychosis-inducing venom. His face is a shifting montage of all the people who have died because of those stings. And he has been this way for centuries - since he was eighteen and magic flowed through his homeland, corrupting its people.

He follows harbingers of death, so at least his curse only affects those about to die anyway. But when he arrives in a Midwest town marked for death, he encounters Essie, a seventeen-year-old girl who suffers from debilitating delusions and hallucinations. His bees want to sting her on sight. But Essie doesn't see a monster when she looks at Dresden.

Essie is fascinated and delighted by his changing features. Risking his own life, he holds back his bees and spares her. What starts out as a simple act of mercy ends up unraveling Dresden's solitary life and Essie's tormented one. Their impossible romance might even be powerful enough to unravel a centuries-old curse.

Each book in the Black Bird of the Gallows series is STANDALONE:
* Cleaner of Bones (Prequel)
* Black Bird of the Gallows
* Keeper of the Bees

Adorkable
by Cookie O'Gorman

A self-published favorite available in print for the first time! Who needs a real boyfriend when faking it is so much more fun?

Adorkable (ah-dor-kuh-bul): Descriptive term meaning to be equal parts dorky and adorable. For reference, see Sally Spitz.

Seventeen-year-old Sally Spitz is done with dating. Or at least, she's done with the horrible blind dates/hookups/sneak attacks her matchmaking bestie, Hooker, sets her up on. There's only so much one geek girl and Gryffindor supporter can take.

Her solution: she needs a fake boyfriend. And fast.

Enter Becks, soccer phenom, all-around hottie, and Sally's best friend practically since birth. When Sally asks Becks to be her F.B.F. (fake boyfriend), Becks is only too happy to be used. He'd do anything for Sal—even if that means giving her PDA lessons in his bedroom, saying she's "more than pretty," and expertly kissing her at parties.

The problem: Sally's been in love with Becks all her life—and he's completely clueless.

This book features two best friends, one special edition Yoda snuggie, countless beneath-the-ear kisses, and begs the question:

Who wants a real boyfriend when faking it is so much more fun?
