Why does happiness slump? For even the most successful and fulfilled person, a midlife malaise sets in without explanation. Where did it come from? Where is it going?

Based on his article in *The Atlantic*, veteran journalist Jonathan Rauch examines the midlife crisis as a psychological and biological trend in human emotion, putting it in the context of life that comes before and, importantly, after. This is the shape of happiness. As we age, the satisfactions that made life an ascending straight line turn it into a U-curve, changing direction toward unhappiness, before finally rising again. It gets worse and then gets much better.

Intensely researched, convincingly narrated and passionately close-to-home, *The Happiness Curve* is about why midlife is desperately dissatisfying, why post-midlife is shockingly gratifying, and exactly how to cope with both surprises. For though the ennui is apparently about nothing, it is still very real and there are many things to look forward to in the happy payoff on the other side.

## PRAISE

**Praise for Jonathan Rauch's *Gay Marriage***

"Thoughtful and convincingly argued . . . Rauch's impressive book is as enthusiastic an encomium to marriage as anyone, gay or straight, could write."

## How Hard Can It Be?

Allison Pearson

**Like a latter-day *Bridget Jones's Diary* or *The Nanny Diaries*, *New York Times* bestselling author Allison Pearson brings us a hilarious audiobook for a new generation of women.**

Kate Reddy had it all: a nice home, two adorable kids, a good husband. Then her kids became teenagers (read: monsters). Richard, her husband, quit his job, taking up bicycling and therapeutic counseling: drinking green potions, dressing head to toe in Lycra, and spending hundreds of hours—and dollars—on his own therapy. Since Richard no longer sees a regular income as part of the path to enlightenment, it's left to Kate to go back to work.

Companies aren't keen on hiring 49-year-old mothers, so Kate does what she must: knocks a few years off her age, hires a trainer, joins a Women Returners group, and prepares a new resume that has a shot at a literary prize for experimental fiction.

When Kate manages to secure a job at the very hedge fund she founded, she finds herself in an impossible juggling act: proving herself (again) at work, dealing with teen drama, and trying to look after increasingly frail parents as the clock keeps ticking toward her 50th birthday. Will Kate reclaim her rightful place at the fund, or strangle in her new “shaping” underwear? Will she rekindle an old flame, or will her house burn to the ground when a rowdy mob shows up for her daughter's surprise Christmas party? Surely it will all work out in the end. After all, how hard can it be?

ALLISON PEARSON is the author of the hugely bestselling *I Don't Know How She Does It*, which became a major motion picture starring Sarah Jessica Parker, and *I Think I Love You*. Pearson was named Newcomer of the Year at the British Book Awards in 2002 for her first book. She has written for *The Daily Telegraph*, *The Times* (UK), *The Daily Mail*, *Time*, *The New York Times*, *The New Yorker*, *The Observer* and countless other publications. Pearson has won many awards including Columnist of the Year, Critic...

## My Ex-Life

Stephen McCauley

David Hedges is having an unusual mid-life crisis. His boyfriend Soren has left him for an *older* man, albeit a successful surgeon. His job – helping the spoiled children of San Francisco’s elite get into college – is exasperating. As his life reaches new lows, his weight has reached new highs. The only good thing he has is his under market value apartment that has a view that is so stunning he is the envy of all of San Francisco. But when the landlord finally decides to sell – to Soren and the surgeon courtesy of his supposed realtor friend -- David hits rock bottom.

Across the country, Julie Fiske isn’t having much of a better time herself. Carol, the woman (younger, of course) that Harry, her second husband, left her for, is downright likable – more likeable than Harry was. The bills that she files by throwing into the back seat of her car keep piling up -- so much so that she has turned her rambling home into an illegal B&B in the tourist, seaside town where she lives. Her sullen teen daughter adamantly refused to apply to college (As David says, “*I’m always drawn to sadness in teenagers, which I take to be a sign of intelligence. What teenager with half a brain looking at the condition of the planet they would inherit wouldn’t be sad?*”) And Julie can’t seem to quite smoking weed (why should she? it’s the one good thing she has).

Harry lays down an ultimatum – if Mandy doesn’t start applying to college, she’s go...

Jennifer Hillier

**A compelling story of murder, betrayal, and the secrets of the past—a new breakout thriller in the vein of *The Luckiest Girl Alive* and *The Good Girl*.**

At 30 years old, Georgina, known as Geo, is a rising executive when her world comes crashing down. Her high school boyfriend has been identified and arrested for a series of serial murders, including Angela, Geo's best friend in high school. Angela disappeared without a trace at 16 and her body has just been found. Now Geo is under arrest for helping her then-boyfriend hide her best friend's body. And it's one of her other close friends in high school, Kaiser Brody, who arrests her.

While Geo is sent to prison for her part, Calvin escapes from custody and is on the run. At 35 years old, Geo is about to be released from prison to try and start over. But someone has started killing people and dumping their bodies in her old neighborhood, with some of the markers of the missing Sweetbay Strangler—her old boyfriend Calvin. Are these killings some kind of message from Calvin? Are they some of revenge? Is she herself now in danger?

Everything turns on what really happened that tragic night back when Geo and Angela were 16 years old. Everyone thinks they know the truth, but there are dark secrets buried deep within other secrets, and it may be too late for anyone to survive the truth.

## Tom Clancy's Op-Center: For Honor

Created by Tom Clancy and Steve Pieczenik, Written by Jeff Rovin

In 1962, at the height of the Cold War, the Soviet Union sent a convoy of nuclear missiles to Cuba. The crisis that followed almost triggered World War III. However, while all eyes were on the Caribbean, not all of the missiles were sent to Cuba. Several ships slipped from the flotilla and headed for a fishing village in a remote, frigid, northeastern Soviet frontier. There, a silo was constructed not far from Alaska.

More than sixty years later, that silo and its lethal contents are intact. Now, Iranian scientists team with a Russian agent and his estranged, arms-smuggling father to bring those missiles to Tehran. When an intel officer at Op Center starts picking up hints of the deal, the government's off-the-grid unit must track the unknown actors – and try to decide whether they can count on data provided by an Iranian defector, a man who has more at stake than anyone realizes.

At the same time, Op-Center sends a lone agent to Havana to try and find an aging revolutionary, a woman, who may hold the key to pinpointing the location of the silo.

Complicating matters is a turf war between Op Center, the White House, and the FBI that threatens to compromise the investigation...as the time to act grows perilously short.

**PRAISE**

**“Suspenseful...An Op-Center book is always a master class in military acronyms and hardware...the simple hostage situations keep the tension cranked high and will satisfy Clancy fans old and new.” —*Publishers Weekly on Dark Zone***

**“A top-notch military thriller, combining politics, suspense, and action. Couch and Galdorisi continue to make the Clancy brand shine.” —*Booklist on Into the Fire***

**“With intricate plotting, plenty of action, and characters – even villains – that are more than cardboard cutouts, *Tom Clancy’s OpCenter: Into the Fire* is definitely a book that will leave you sleep-deprived.” —*Defense Media Network on Into the Fire***

JEFF ROVIN is the author of more than 150 books, fiction and nonfiction, both under his own name, under various pseudonyms, or as a ghostwriter, including numerous *New York Times* bestsellers and over a dozen of the original Tom Clancy's Op-Center novels.

# Stay Hidden

Paul Doiron

A woman has been shot to death by a deer hunter on an island off the coast of Maine. To newly promoted Warden Investigator Mike Bowditch, the case seems open and shut. But as soon as he arrives on remote Maquoit Island he discovers mysteries piling up one on top of the other.

The hunter now claims he didn't fire the fatal shot and the ballistic evidence proves he's telling the truth. Bowditch begins to suspect the secretive community might be covering up the identity of whoever killed Ariel Evans. The controversial author was supposedly writing a book about the island's notorious hermit. So why are there no notes in her rented cottage?

The biggest blow comes the next day when the weekly ferry arrives and off steps the dead woman herself. Ariel Evans is alive, well, and determined to solve her own "murder" even if it upsets Mike Bowditch's investigation and makes them both targets of an elusive killer who will do anything to conceal his crimes.

## PRAISE

**"Narrator Henry Leyva keeps listeners on the edge of their seats with his delivery of a story with more murder suspects than Maine has pine trees... This is an excellent, chilling story and performance."** — *AudioFile on The Precipice*

**"As always with a Doiron novel, the characters are so well-drawn you can almost reach out and shake their hands, and the rural landscape is so vividly portrayed that the reader can smell wildflowers, marvel at the swarms of fireflies and feel the sting of the blood-thirsty insects. But the author's finest achievement is the evolution of Mike Bowditch himself."** —Bruce DeSilva, *Associated Press on Knife Creek*

*"Knife ...*

A native of Maine, bestselling author PAUL DOIRON attended Yale University, where he graduated with a degree in English. *The Poacher's Son*, the first book in the Mike Bowditch series, won the Barry award, the Strand award for best first novel, and has been nominated for the Edgar, Anthony, and Macavity awards in the same category. He is a Registered Maine Guide specializing in fly fishing and lives on a trout stream in coastal Maine with his wife, Kristen Lindquist.

## Rescued

David Rosenfelt

Defense lawyer Andy Carpenter is reluctant to take on any more cases. Andy is eager to help the dogs, many of whom come to the Tara Foundation while awaiting forever homes – it's the man accused of murder who he has a problem defending. In December 2006, Richard died suddenly and Kristine was left to "sweat" one of the biggest events of her life—the death of her spouse. In her new book, *From Heartbreak to Wholeness*, Carlson offers a guide to the journey everyone takes following loss. It's a hero's journey from a life that's been shattered to one that is finally whole again and capable of receiving joy. Carlson knows that any great loss leads to some type of transformation. She also knows that transformation is messy, but, when one chooses to be the hero rather than the victim, joy exists just on the other side of healing. In nine short chapters that include thought exercises, mantras for each stage of healing, and a journaling assignment, Carlson leads the reader from the crisis itself through the awakening that comes from great loss, over the jagged edges of growth and finally, through the alchemy of change, to rebirth as a hero who is sovereign, whole and—once again—in control of their own life. As readers take this journey with Carlson, they'll feel more at home in their own bodies and more authentic to their true nature. They'll feel more alive and access more joy than they thought possible. Take the journey *From Heartbreak to Wholeness* with Kristine Carlson and let her show you how to be the hero of your own life.

# The Summer I Met Jack

*A Novel*

Michelle Gable

In 1950, a young, beautiful Polish refugee arrives in Hyannisport, Massachusetts to work as a maid for one of the wealthiest families in America. Alicia Darr is at once dazzled by the large and charismatic family, in particular the oldest son, a rising politician named Jack.

Alicia and Jack are soon engaged, but his domineering father forbids the marriage. And so, Alicia trades Hyannis for Hollywood, and eventually Rome. She dates famous actors and athletes and royalty, including Gary Cooper, Kirk Douglas, and Katharine Hepburn, all the while staying close with Jack. A decade after they meet, on the eve of Jack's inauguration as the thirty-fifth President of the United States, the two must confront what they mean to each other and the answer could shatter everything Alicia believes about herself, and why she's even alive.

*The Summer I Met Jack* is based on the fascinating real life of Alicia Corning Clark, a woman who J. Edgar Hoover insisted was paid by the Kennedys to keep quiet, not only about her romance with Jack Kennedy, but also a baby they might've had together.

*A Sniper Novel*

Nicholas Irving with A. J. Tata

**The explosive new thriller series written by the *New York Times* bestselling author of *The Reaper* and star of Fox's *American Grit*.**

American hero, or unhinged vigilante?

Vick "The Reaper" Harwood is an esteemed sniper with a record kill count—33 kills in 90 days—when he is knocked out under mortar attack in Afghanistan. He wakes up back in the United States with little memory of what happened, his spotter and gun both unrecovered from the battlefield. Harwood has resigned himself to slowly picking up the pieces of his life, training Special Forces snipers in Fort Bragg, North Carolina, and starting a promising relationship with an Olympic medalist named Jackie.

But when a series of assassinations start occurring in the area, Harwood can't explain why he just happens to be nearby for each killing—or how a sniper rifle that matches the description of the one he lost seems to be involved. His memory of the past few days is hazy and full of blackouts, and even he has to wonder, is he being framed? Or is he the killer?

As Harwood runs from the authorities, his girlfriend falls off the radar, his missing spotter resurfaces, and the assassinated men are outed as drug and sex traffickers. Nothing is adding up. Harwood realizes he has to unravel this mystery, and fast, or find himself paying the ultimate price for crimes he may not have committed.

## Bloody Sunday

Ben Coes

**The latest in the *New York Times* and *USA Today* bestselling Dewey Andreas series.**

North Korea, increasingly isolated from most of the rest of the world, is led by an absolute dictator and a madman with major goal—he's determined to launch a nuclear attack on the United States. While they have built and continue to successfully test nuclear bombs, North Korea has yet to develop a ballistic missile with the range necessary to attack America. But their missiles are improving, reaching a point where the U.S. absolutely must respond.

What the U.S. doesn't know is that North Korea has made a deal with Iran. In exchange for effective missiles from Iran, they will trade nuclear triggers and fissionable material. An exchange, if it goes through, that will create two new nuclear powers, both with dangerous plans.

Dewey Andreas, still reeling from recent revelations about his own past, is ready to retire from the CIA. But he's the only available agent with the skills to carry out the CIA's plan to stop North Korea. The plan is to inject a singular designer poison into the head of the North Korean military and in exchange for the nuclear plans, provide him with the one existing dose of the antidote. But it goes awry when Dewey manages to inject a small amount of the poison into himself. Now, to survive, Dewey must get into North Korea and access the antidote and, while there, thwart the nuclear ambitions of both North Korea and Iran. And he has less than 24 hours to do so.

## Before and Again

Barbara Delinsky

**From *New York Times* bestselling author Barbara Delinsky, comes an audiobook of reinventing yourself and starting over only to have everything you've built threatened by the secrets of your past.**

*Things are not what they seem ...*

Maggie Reid is more than a makeup artist, Ned Cooper more than an Innkeeper, and that elegant resort town in Vermont so simply named Devon? It harbors others who are fleeing the past ... or trying to. But when a teenage hacker commits one crime too many, and the town is besieged by Feds and the press, all bets for hiding are off.

For Maggie, the attention is particularly terrifying. Having been crucified by the media once, she desperately needs anonymity. Her self-esteem is finally on the mend after a painful stretch without. Now that she is reinvented, she is starting to like herself again.

But who is the woman behind the new name, the careful makeup, the fresh job and adopted state? Exposed by this new scandal, she is forced to confront the past. And if she runs again?

Her entire future is at stake – not only her career, her physical freedom, and her home in Devon, but her relationships with the brother who was too frightened to stand by her before, with the mother who chose to turn away to survive, and with the only man she has ever truly loved.

Roshi Joan Halifax is a celebrated Buddhist teacher and Zen priest whose teachings have enriched the lives of millions around the world. Through her work as a humanitarian, an activist, and a spiritual leader, she developed an understating of how our great difficulties can be the source of our wisdom and compassion, and how we can transform suffering into the seeds for personal growth.

Halifax has identified five distinct states where our response to suffering—our own or others’—will determine whether we flourish or flounder: altruism, empathy, integrity, respect, and engagement. Each of these psychological landscapes can be toxic, or they can be the place from which growth, service, and values are cultivated. In AT THE EDGE, Halifax examines these Edge States and reveals how we can balance on those edges to the get most out of life. Using examples from caregivers like nurses, parents, and humanitarian aid workers; business experts and CEOs; and spiritual practitioners, Halifax shows how it is when we are pushed past our comfort zones, when we balance on the brink of failure, that we access our vast potential. Only on this threshold we can develop a wider perspective, cultivate wisdom, and nourish compassion. Only by living on the edge can we relish the full range of the human experience and discover our best selves.

Destined to become a contemporary classic, AT THE EDGE is an evocative examination of how we transform suffe...

## Robin

Dave Itzkoff

**From *New York Times* entertainment reporter Dave Itzkoff, the definitive biography of Robin Williams--a compelling portrait of one of America's most beloved and misunderstood entertainers.**

From his rapid-fire stand-up comedy riffs to his television superstardom on *Mork and Mindy* and his Academy Award-winning role in *Good Will Hunting*, Robin Williams was an actor and comedian who poured his entire being into every role. On stage and in his films he often performed like a man possessed, holding forth on culture and politics while mixing in personal revelations – all with mercurial, tongue-twisting intensity as he inhabited and shed one character after another with lightning speed. But his comic brilliance masked a deep well of conflicting emotions and ruinous self-doubt, which Williams drew upon to become an actor of deeply moving performances. In films like *Dead Poets Society*; *Good Morning, Vietnam*; *The Fisher King*; and *Mrs. Doubtfire*, he showcased his limitless gift for improvisation, playing dramatic characters who were as thought-provoking as they were funny. And in *Good Will Hunting* he gave an intense and controlled performance that revealed the true range of his talent.

But despite his success, Williams struggled all his life with addiction and depression—topics he discussed openly while performing and during interviews—and with debilitating conditions that affected him deeper than his fans knew. In this powerful and eye-opening biography, Dave Itzkoff of the *New York Times* draws on more than a hundred original interviews with Williams's family, friends, and fellow comedians, as well as extensive archival re...

## Five Stars

*The Communication Secrets to Get from Good to Great*

Carmine Gallo

**How to become insanely great at the art of persuasion, from the bestselling author of *Talk Like Ted*.**

Never before in human history have we been able to share our ideas so quickly with so many. Yet machines don't have a heart; storytellers do. The tools we use to share our ideas have changed—our paleo brains haven't. Excelling in persuasion requires a skill that 'artificial' intelligence cannot replace. In *Untitled*, Carmine Gallo uses neuroscience to prove that Aristotle was right. Pathos, the ancient art of making emotional connections, sets people apart. Those who know how to talk—and persuade—are reaping the rewards.

The exponential growth in technology has brought about a tectonic shift in the business world, and it is happening at a breakneck speed in every field. Yet, as big data overwhelms and A.I. disrupts companies and careers, scientists are discovering that those who have mastered the ancient art of persuasion are best able to survive, and thrive in the modern world. In *Untitled*, Gallo shows his readers how educators like Neil deGrasse Tyson, CEOs like PepsiCo's Indra Nooyi, and entrepreneurs at places like Google and Airbnb inspire their audiences.

*Untitled* is a book for people who believe that their ideas matter. It's for those who want to gain a competitive edge in the age of automation—start a company, build a career, or pitch an innovative solution to a stubborn problem. It's for the next generation of speakers who want to stir people's souls as they rise to the fullness of their potential.

**PRAISE**

**"Lively and appealing... the book draws on current brain science to explain what wins over, and fires up, an audience—and what doesn't." —*Fortune* on *Talk Like TED***

**"Gallo's enthusiastic and encouraging style is infectious. Readers with an idea to sell—whether for profit or for social justice—will find this an indispensable guide to articulating a sales pitch." —*Publishers Weekly* on *The Storyteller's Secret***

Ehud Barak

**The definitive memoir of one of Israel's most influential soldier-statesmen and one-time Prime Minister, Ehud Barak, with insights into forging peace in the Middle East.**

In the summer of 2000, the most decorated soldier in Israel's history - Ehud Barak - set himself a challenge as daunting as any he had faced on the battlefield: to secure a final peace with the Palestinians. He would propose two states for two peoples, with a shared capital in Jerusalem. He knew the risks of failure. But he also knew the risks of *not* trying: letting slip perhaps the last chance for a generation to secure genuine peace.

It was a moment of truth.

It was one of many in a life intertwined, from the start, with that of Israel. Born on a kibbutz, Barak became commander of Israel's elite special forces, then army Chief of Staff, and ultimately, Prime Minister.

*My Country, My Life* tells the unvarnished story of his - and his country's - first seven decades; of its major successes, but also its setbacks and misjudgments. He offers candid assessments of his fellow Israeli politicians, of the American administrations with which he worked, and of himself. Drawing on his experiences as a military and political leader, he sounds a powerful warning: Israel is at a crossroads, threatened by events beyond its borders and by divisions within. The two-state solution is more urgent than ever, not just for the Palestinians, but for the existential interests of Israel itself. Only by rediscovering the twin pillars on which it was built - military strength *and* moral purpose - can Israel thrive.

EHUD BARAK served as Israel's Prime Minister from 1999 to 2001. He was the leader of the Labor Party from 2007 until 2011, and Minister of Defense, first in Olmert's and then in Netanyahu's government from 2007 to 2013. Before entering politics, he was a key member of the Israeli military, occupying the position of Chief-of-Staff. Barak holds a B.S.c in Physics and Math from the Hebrew University in Jerusalem and an M.Sc. degree from Stanford in Engineering-Economic Systems.

## Feared

Lisa Scottoline

In *Feared*, Mary DiNunzio's ruthless nemesis, lawyer Nick Machiavelli, comes back with a vengeance. Machiavelli aggressively strikes close to the DiNunzio household, attacking Mary's father and one of their beloved family friends by filing a lawsuit that accuses them of embezzling from the treasury of a local South Philly social club to which they belong. The lawsuit is frivolous, but Machiavelli ups the ante by spreading rumors that support its allegations, muddying the reputation of Mary's father. The claims shake the DiNunzio clan to its foundations, threatening her father's weakening heart, and Mary steps in to fight back. But Machiavelli is a more than worthy adversary. Then the unthinkable happens, and Mary goes to her own dark side, finding a side to herself that makes her even more fearsome than ever before. Is it still a battle between good and evil, when good turns evil? And will Mary be able to find herself, before she loses her soul completely?

Michele Campbell

When twin sisters Rose and Bel Enright enroll in The Odell School, a prestigious New Hampshire boarding school, it seems like the opportunity of a lifetime. But the sisters could not be more different. The school brings out a rivalry between them that few ever knew existed. And the school itself has a dark underbelly: of privileged kids running unchecked and uninhibited; of rituals and traditions that are more sinister than they seem; of wealth and entitlement that can only lead to disaster. For Sarah Miller, wife of the newest, most ambitious professor, Odell also seems like the best thing that could happen to their small family. But how well does she really know her husband? What lengths will he go to to achieve his goals? And when one dark night ends in murder, who is guilty, who knows the truth, and who has been in on it all along? WATCH OUT FOR THE QUIET ONE. ## High Tide Club

Mary Kay Andrews

**A delightful audiobook by the *New York Times* bestselling author of *The Weekenders*.**

When ninety-nine-year-old heiress Josephine Bettendorf Warrick summons Brooke Trappnell to Talisa Island, her 20,000 acre remote barrier island home, Brooke is puzzled. Everybody in the South has heard about the eccentric millionaire mistress of Talisa, but Brooke has never met her. Josephine's cryptic note says she wants to discuss an important legal matter with Brooke, who is an attorney, but Brooke knows that Mrs. Warrick has long been a client of a prestigious Atlanta law firm.

Over a few meetings, the ailing Josephine spins a tale of old friendships, secrets, betrayal and a long-unsolved murder. She tells Brooke she is hiring her for two reasons: to protect her island and legacy from those who would despoil her land, and secondly, to help her make amends with the heirs of the long dead women who were her closest friends, the girls of *The High Tide Club*—so named because of their youthful skinny dipping escapades—Millie, Ruth and Varina.

Even at the end of her life, Josephine seems unwilling or unable to face her past, deliberately evading Brooke's questions. When Josephine dies with her secrets intact, Brooke is charged with contacting Josephine's friends' descendants and bringing them together on Talisa for a reunion of women who've actually never met. What follows is a tale of a romance thwarted, friendships renewed, justice delivered and true love found. It's Mary Kay Andrews at her Queen of the Beach Reads best.

# The Long Accomplishment

*A Memoir of Struggle and Hope in Matrimony*

Rick Moody

## The harrowing and beautiful story of the first year of the author's second marriage.

In a plainspoken, emotionally accessible voice that listeners have not heard from him before, Rick Moody, author of *The Ice Storm*, *Hotels of North America*, and other fictions and of *The Black Veil*, a prize-winning previous memoir, lays bare, in an eventful month-by-month account, the first year of his second marriage.

At this story's start, Moody is, by his own description, "a balding middle-aged recovering alcoholic and sexual compulsive with a history of depression who wrote a novel that people liked in the 90s." He is also the newly divorced father of a beloved little girl and a man in love, whose answer to the question "Would you like to be in a committed relationship?" is, fully and for the first time, "Yes."

And so his second marriage begins as he emerges from the wreckage of his past, humbly and with dearest hopes, only to be battered by a stormy sea of external troubles—robberies, miscarriages, and deaths of friends, just for starters. As Moody puts it, this is "a story in which a lot of bad luck is the daily fare of the protagonists, but in which they are also in love." To Moody's astonishment, matrimony is the site of strength in hard times, a vessel infinitely tougher and more durable than any boat these two participants would have traveled by alone. Love buoys these this couple, lifting them above their hardships, and the listener is buoyed along with them.

## How Bernie Won

*Inside the Revolution to Take Back Our Country*

Jeff Weaver

When Jeff Weaver hopped in a car with Bernie Sanders in the summer of 1986, he had no idea the Vermont backroads would lead them all the way to the 2016 presidential campaign.

In *How Bernie Won*, Weaver shows how Bernie built a movement that would sweep America and inspire millions. He vowed not to run a negative campaign. He would focus on policies, not personalities. He would not be beholden to big money. He would actually make America great. Weaver also shows how they overcame significant challenges: A media that thrived on negative campaigns. A party that thrived on personalities. And a political system that thrived on big money. Weaver explains how Bernie beat them all and, in doing so, went from having little national name recognition when he entered to the race to being one of the most respected and well-known people in the world by its end—because, Weaver argues, Bernie won the race.

He moved the discussion from the concerns of the 1% to those of the 99%. He forced the Democrats to remember their populist roots. And he showed that an outsider with real ideas and ways to get them done was more popular than someone propped up by backroom political sugar daddies.

From holding bags of “Bernie buttons” and picket-stick signs, to managing thousands of campaign workers, to looking ahead to 2020, Weaver chronicles the birth of a revolution that didn’t end in November 2016. It’s only just begun.

JEFF WEAVER, who began working for Bernie Sanders in 1986, was his campaign manager for the 2016 presidential election, as well as president of Our Revolution, a nonprofit founded by Sanders until June 2017. He graduated from the University of Vermont and Georgetown University Law School. He lives in Falls Church, Virginia.
