Anger Is a Gift

Mark Oshiro

The debut YA from popular social media personality and critic Mark Oshiro, a story about the struggles of today's teens finding power to overcome racial and economic obstacles

Six years ago, Moss Jefferies' father was murdered by an Oakland police officer. The media's vilification of his father and lack of accountability has left Moss with near-crippling panic attacks, as well as his grief.

Now in his junior year of high school, Moss and his fellow classmates find themselves increasingly treated like criminals in their own school. New rules. Random locker searches. Constant intimidation. Despite their youth, the students decide to organize and push back against the administration.

When tensions hit a fever pitch and tragedy strikes, Moss must face a difficult choice: give in to fear and hate or realize that anger can actually be a gift.

A story of resilience and loss, love and family, Mark Oshiro's *Anger Is a Gift* testifies to the vulnerability and strength of teens today.

MARK OSHIRO is the Hugo-nominated writer of the online Mark Does Stuff universe (Mark Reads and Mark Watches), where he analyzes book and TV series. He was the nonfiction editor of *Queers Destroy Science Fiction!* and the co-editor of *Speculative Fiction 2015*, and is the President of the Con or Bust Board of Directors. When not writing/recording reviews or editing, Oshiro engages in social activism online and offline. *Anger Is a Gift* is his debut YA contemporary fiction novel.

Refuge for Masterminds

A Stranje House Novel

Kathleen Baldwin

The third book in a captivating YA alternative history series set in Regency England that the *New York Times Book Review* calls “enticing from the first sentence.”

It's 1814. Napoleon has escaped his imprisonment on Elba. Europe is in shambles. Britain is at war on four fronts. And at Stranje House, a School for Unusual Girls, five young ladies are secretly being trained for a world of spies, diplomacy, and war.

Napoleon's invasion of England is under way and someone at Stranje House is sneaking information to his spies. Lady Jane Moore is determined to find out who it is. If anyone can discover the traitor, it is Jane—for, according to headmistress Emma Stranje, Lady Jane is a mastermind.

Jane doesn't consider herself a mastermind. It's just that she tends to grasp the facts of a situation quickly, and by so doing, she's able to devise and implement a sensible course of action. Is Jane enough of a mastermind to save the brash young American inventor Alexander Sinclair, her friends at Stranje House, and possibly England itself?

The Unfortunates

Kim Liggett

A standalone psychological thriller perfect for fans of Gretchen McNeil and Becca Fitzpatrick

When seventeen-year-old senator's son Grant Tavish is involved in a fatal accident, all he wants to do is face the consequences of what he's done, but the consequences never come, even if headlines of "affluenza" do. The truth soon becomes clear: Due to his father's connections, not only will Grant not be held accountable for his actions, he's going to get away with murder.

When a long Tavish tradition approaches, a cave excursion on the Appalachian trail, Grant seizes the opportunity to take justice into his own hands by staging an accident and never coming back. But before he has a chance to enact his plans, the cave system collapses, trapping him miles beneath the surface with four other teens from much less fortunate circumstances. As they struggle to survive, they share their innermost secrets and fears, and just when it seems they might be on track to finding a way out, they realize there's something else down there.

And it's hunting them.

The Last Harvest

A Novel

Kim Liggett

Kim Liggett combines the atmosphere of *Friday Night Lights* with horror reminiscent of *Anna Dressed in Blood*, drawing on her childhood during the Satanic Panic

"I plead the blood."

Those were the last words seventeen-year-old golden boy quarterback Clay Tate heard rattling from his dad's throat when he discovered him dying on the barn floor of the Neely cattle ranch, clutching a crucifix to his chest.

Now, on the first anniversary of the Midland, Oklahoma, slaughter, the whole town's looking at Clay like he might be next to go over the edge. Clay wants to forget the past, but the sons and daughters of the Preservation Society—a group of prominent farmers his dad accused of devil worship—won't leave him alone. Including Ali, his longtime crush, who suddenly wants to reignite their romance after a year of silence, and hated rival Tyler Neely, who's behaving like they're old friends.

Even as Clay tries to reassure himself, creepy glances turn to sinister stares and strange coincidences build to gruesome rituals—but when he can never prove that any of it happened, Clay worries he might be following his dad down the path to insanity...or that something far more terrifying lies in wait around the corner.

Ban This Book

Alan Gratz

You're never too young to fight censorship!

It all started the day Amy Anne Ollinger tried to check out *From the Mixed-Up Files of Mrs. Basil E. Frankweiler* from the school library. Mrs. Jones, the librarian, told her the bad news: the book was banned! Just because a classmate's mom thought it wasn't appropriate for kids to read.

Amy Anne is shy and soft-spoken, but don't mess with her when it comes to her favorite book in the whole world. Amy Anne and her lieutenants wage a battle for the books that will make readers laugh and pump their fists as they start a secret banned books locker library, make up ridiculous reasons to ban every single book in the library to make a point, and take a stand against censorship.

Reminiscent of the classic novel *Frindle* by Andrew Clements, *Ban This Book* is a love letter to the written word and its power to give kids a voice.

Mana is ready to take action. The only problem? Nobody will let her. Lyle, her best friend and almost-boyfriend (for a minute there, anyway), seems to want nothing to do with hunting aliens, despite his love of *Doctor Who*. Bestie Seppie is so desperate to stay out of it, she's actually leaving town. And her mom's hot but arrogant alien-hunting partner, China, is ignoring Mana's texts, cutting her out of the mission entirely.

They all know the alien threat won't stay quiet for long. It's up to Mana to fight her way back in.
