Lobizona
A Novel
by Romina Garber

In Lobizona, the first in the Wolves of No World series, bestselling author Romina Garber weaves together Argentine folklore and what it means to be illegal in a timely, intimate, and emotionally powerful narrative.

Some people ARE illegal.
Lobizonas do NOT exist.
Both of these statements are false.
Manuela Azul has been crammed into an existence that feels too small for her.

As an undocumented immigrant who's on the run from her father's Argentine crime-family, Manu is confined to a small apartment and a small life in Miami, Florida.

Until Manu's protective bubble is shattered.
Her surrogate grandmother is attacked, lifelong lies are exposed, and her mother is arrested by ICE. Without a home, without answers, and finally without shackles, Manu investigates the only clue she has about her past - a mysterious Z" emblem - which leads her to a secret world buried within our own. A world connected to her dead father and his criminal past. A world straight out of Argentine folklore, where the seventh consecutive daughter is born a bruja and the seventh consecutive son is alobizon, a werewolf. A world where her unusual eyes allow her to belong.

As Manu uncovers her own story and traces her real heritage all the way back to a cursed city in Argentina, she learns it's not just her U.S. residency that's illegal. . . .it's her entire existence.

More Than Maybe
A Novel
by Erin Hahn

Like your favorite song, More Than Maybe burrows inside your heart and stays there. Vada and Luke's story of music, family, and first love will shoot to the top of your book playlist. A rich, sweet, rock and roll ride. — Kathleen Glasgow, New York Times bestselling author of Girl in Pieces and How to Make Friends With the Dark

Growing up under his punk rocker dad's spotlight, eighteen-year-old Luke Greenly knows fame and wants nothing to do with it. His real love isn't in front of a crowd, it's on the page. Hiding his gift and secretly hoarding songs in his bedroom at night, he prefers the anonymous comfort of the locally popular podcast he co-hosts with his outgoing and meddling, far-too-jealousy-inspiringly-happy-with-his-long-term-boyfriend twin brother, Cullen. But that's not Luke's only secret. He also has a major unrequited crush on music blogger, Vada Carsewell.

Vada's got a five year plan: secure a job at the Loud Lizard to learn from local legend (and her mom's boyfriend) Phil Josephs (check), take over Phil's music blog (double check), get accepted into Berkeley's prestigious music journalism program (check, check, check), manage Ann Arbor's summer concert series and secure a Rolling Stone internship. Luke Greenly is most definitely NOT on the list. So what if his self-deprecating charm and out of this world music knowledge makes her dizzy? Or his brother just released a bootleg recording of Luke singing about some mystery girl on their podcast and she really, really wishes it was her?

Mayhem
A Novel
by Estelle Laure

A YA feminist mash up inspired by The Lost Boys and The Craft.
It's 1987 and unfortunately it's not all Madonna and cherry lip balm. Mayhem Brayburn has always known there was something off about her and her mother, Roxy. Maybe it has to do with Roxy's constant physical pain, or maybe with Mayhem's own irresistible pull to water. Either way, she knows they aren't like everyone else. But when May's stepfather finally goes too far, Roxy and Mayhem flee to Santa Maria, California, the coastal beach town that holds the answers to all of Mayhem's questions about who her mother is, her estranged family, and the mysteries of her own self. There she meets the kids who live with her aunt, and it opens the door to the magic that runs through the female lineage in her family, the very magic Mayhem is next in line to inherit and which will change her life for good. But when she gets wrapped up in the search for the man who has been kidnapping girls from the beach, her life takes another dangerous turn and she is forced to face the price of vigilante justice and to ask herself whether revenge is worth the cost.

Ulla didn't expect that when she arrived she would discover the identity of a Skojarle man who crossed paths with her mother - a man who could very well be her father. When the head of the Mimirin learns Ulla's father is connected to the Alvolk, a secret society who believes they were tasked with protecting the First City and the only ones who know its location, he sends Ulla and Pan to Sweden where they find him living among the Alvolk.
