## Lost Girls

Merrie Destefano

***Fight Club* meets *Black Swan*—Rachel wakes up in a ditch to find she doesn't remember the last year of her life, and that everything—including herself—is vastly different than she remembers.**

Yesterday, Rachel went to sleep listening to Taylor Swift, curled up in her grammy's quilt, worrying about geometry. Today, she woke up in a ditch, bloodied, bruised, and missing a year of her life.

She doesn't recognize the person she's become: she's popular. She wears nothing but black.

Black to cover the blood.

And she can fight.

*Tell no one.*

She's not the only girl to go missing within the last year...but she's the only girl to come back. She desperately wants to unravel what happened to her, to try and recover the rest of the Lost Girls.

But the more she discovers, the more her memories return. And as much as her new life scares her, it calls to her. Seductively. The good girl gone bad, sex, drugs, and raves, and something darker...something she still craves—the rush of the fight, the thrill of the win—something she can't resist, that might still get her killed...

The only rule is: There are no rules.

Born in the Midwest, former magazine editor Merrie Destefano currently lives in Southern California with her husband, two German shepherds, a Siamese cat, and the occasional wandering possum. Her favorite hobbies are reading speculative fiction and watching old *Star Trek* episodes, and her incurable addiction is writing. She loves to camp in the mountains, walk on the beach, watch old movies, and listen to alternative music—although rarely all at the same time. # Island of Exiles

Erica Cameron

**In this diverse, gritty survival fantasy, a girl warrior turns against her island clan to find the brother they claim died, uncovering secrets. Perfect for fans of *Graceling* and *Snow Like Ashes*.**

On the storm-torn desert island of Shiara, death is inevitable.

The clan comes before self, and protecting her home means Khya is a warrior above all else.

Leaving the clan is a betrayal and a death sentence.

But they've already betrayed her. And their thousand-year secrets reach around the world.

To save her brother's life and keep her island from dissolving into the sea, her only choice is to turn against her clan and go on the run in a world where every breath is a battle.

Erica is many things, but most notably a writer, reader, choreographer, movie and musical theater-nut, sucker for romance, and quasi-recluse. After graduating with a double major in psychology and creative writing from Florida State, she began pursuing her career as an author. She loves the beach but hates the heat, has equal passions for Salvador Dali, Venetian Carnival masks, unique jewelry, and dreams of traveling the world on a cruise ship. Or a private yacht. You know, whatever works.

## Thief of Lies

Brenda Drake

**Fans of Harry Potter and *Cinderella's Dress* will love this refreshing tale of a girl who discovers a different realm hidden inside the world's most beautiful libraries.**

Gia Kearns would rather spar with boys than kiss them. That is, until Arik, a leather clad hottie in the Boston Athenaeum, suddenly disappears. While examining the book of world libraries he abandoned, Gia unwittingly speaks the key that sucks her and her friends into a photograph and transports them into a Paris library, where Arik and his Sentinels—magical knights charged with protecting humans from the creatures traveling across the gateway books—rescue them from a demonic hound.

Jumping into some of the world's most beautiful libraries would be a dream come true for Gia, if she weren't busy resisting forbidden love or dodging an exiled wizard seeking revenge on both the Mystik and human worlds. Add a French vixen obsessed with Arik and a flirtation with a young wizard, and Gia must choose between her heart and her head, between Arik's world and her own, before both are destroyed.

Brenda Drake grew up the youngest of three children, an Air Force brat, and the continual new kid at school. Her fondest memories growing up are of her eccentric, Irish grandmother's animated tales, which gave her a strong love for storytelling. So it was only fitting that she would choose to write stories with a bend toward the fantastical. When she's not writing or hanging out with her family, she haunts libraries, bookstores, and coffee shops, or reads someplace quiet.

## Off the Ice

Julie Cross

The NY Times and USA TODAY bestselling author of *Whatever Life Throws at You* kicks off a brand-new series perfect for fans of Miranda Kennealy and Abbi Glines.

Next season was supposed to be his year. Junior Tate Tanley had big plans to ride the varsity bench most of the season, but when the Otters star goalie storms out of the arena during the first home game of the season, Tate is in the spotlight and under the gun.

Enter Claire O'Connor, the girl Tate's admired for years, his sister's best friend. Claire's back from a year away at school to take care of her father and help keep the family business—a hockey bar beside the ice rink—afloat. One semester off, that's what Claire promised herself.

And then straight back to school, out of Juniper Falls. And she has dozens of reasons for wanting to get the hell out. Again.

Last year, the night before Claire left, she came to Tate's rescue and what could have been a secret that distanced them ended up drawing them closer the moment she returned to town. For Claire and Tate, leaning on each other feels as natural as breathing but with Claire trying her best to leave again and Tate more rooted to his town than ever, it seems like the worst time to fall in love. Assuming either of them can stop it from happening.

Julie lives in Central Illinois with her husband and three children. She's a lover of books, devouring several novels a week, especially in the young adult and new adult genres. You can find her online at [www.juliecrossbooks.com](http://www.juliecrossbooks.com).

## No One Left to Trust

Diana Rodriguez Wallach

*The Bourne Identity* meets *Taken* in this international thriller that brings readers the thrill of espionage based on true events, and a mysterious family drama that will keep pages turning.

Anastasia Phoenix has always been the odd girl out, whether moving from city to international city with her scientist parents or being the karate champ who speaks four languages—and most definitely as the orphan whose only sister is missing, presumed dead.

When Anastasia finds her sister's bathroom covered in blood but with no body, she's the only one who believes Keira might still be alive. The suggestion that her devoted sister and legal guardian is the victim of a random, dead-end homicide is too much for Anastasia to bear. If the police refuse to investigate her sister's disappearance as a missing persons case, then Anastasia will have to do it on her own. Because nothing is as it seems, and Keira's behavior the last few weeks isn't making sense.

Anastasia is sucked into an international mystery, tracking her sister across continents with the help of a mysterious Spanish boy she's starting to fall for. But Anastasia can't shake the feeling that someone else is pulling the strings...

**Diana Rodriguez Wallach** is the author of three award-winning young adult novels: *Amor and Summer Secrets*, *Amigas and School Scandals*, and *Adios to All The Drama*, as well as *Mirror, Mirror*, a YA short-story collection. Gloria Crow

**The exciting sequel to the story Kirkus Reviews called "An enchanting debut from a promising new author of paranormal YA."**

After all they'd cost me, I thought I was done with the Truss clan. I was wrong. Nikki Dawning, my mortal enemy, has been kidnapped, and I've been asked to spy on a hive of Truss to help find her. The pull between Ian and I has never been stronger, but he can't help me this time. I have to rely on Theron, a bad-tempered cousin I didn't know I had, to protect me if it comes down to a fight. But how far am I willing to go to protect the common good when I'm not sure what the common good really is anymore? I'm starting to feel like I'm being used...as a weapon. If I'm going to be the next Laurel clan chief, I can't afford to let that happen.

Gloria Crow grew up in the desert southwest, inspired every day by the wide skies and rich colors around her. After high school, she attended the University of Utah where she majored and got a degree in anthropology. ## Secrets of a Reluctant Princess

Casey Griffin

Told in a humorous voice that young readers will love, *Secrets of a Reluctant Princess* is a fun twist on the “bait and switch” trope, perfect for fans of Lindsay Leavitt or Leila Sales.

It's bad enough that Adrianna (Andy) Bottom, fifteen-year-old daughter of Bottom's Bathrooms and Accessories tycoon, has to move before her junior year, but now every awkward moment will be recorded for Hollywood's latest reality show, *Bathroom Barons*. From the moment Andy steps into her new school, all eyes are on her.

Unused to her newfound popularity and feeling pressure from her rising-star parents, she escapes to the world of Asdor, where brave warriors battle over treasure and claim to the throne—well, the lot behind the neighborhood Costco where geeks run around in bedsheet cloaks and garbage-can armor. To avoid total social exile, she wears a mask to hide her identity, but her secret prevents her from getting close to Sir Kevin, a noble knight of Asdor and a local hardware store clerk.

As the battle for the throne escalates, so do her feelings for Kevin, but the demand for better TV ratings threatens to expose her LARPing, and she struggles to keep her public life and her secret life separate before it all goes down the toilet. Will Andy crumble under the pressure of the spotlights, or will she finally embrace who she's really meant to be?

Casey Griffin can often be found at comic conventions on her days off from her day job, driving 400-ton dump trucks in Northern Alberta, Canada. As a jack of all trades with a resume boasting registered nurse, English teacher, and photographer, books are her true passion. ## True Born

L.E. Sterling

**An extremely compelling start to a high-concept sci-fi series perfect for fans of Alexandra Bracken or Marie Lu.**

Splicer. Laster. *True Born*.

In Dominion City, once you reach eighteen they're supposed to tell you.

Plague has taken half the population, and the remaining Lasters wait without hope for their genes to self-destruct. Only the elite Upper Circle can afford potentially life-prolonging Splicer treatments. For seventeen-year old identical twins Lucy and Margot Fox, though, the tests never end - yet no one seems to be ready to reveal *what* they are.

When Margot disappears, a desperate Lucy has no choice but to put her faith in the Plague-resistant True Borns, led by the charismatic Nolan Storm and the beautiful but deadly Jared Price. As Lucy and the True Borns set out to rescue her sister, they stumble upon a vast conspiracy stretching from Dominion's street preachers to shady Russian tycoons. But why target the Fox sisters?

As they say in Dominion, *it's in the blood*.

L.E. Sterling had an early obsession with sci-fi, fantasy and romance to which she remained faithful even through an M.A. in Creative Writing and a PhD in English Literature. She is the author of cult hit Y/A novel *The Originals* (under pen name L.E. Vollick) and the urban fantasy *Pluto's Gate*. Originally hailing from Parry Sound, Ontario, L.E. spent most of her summers roaming across Canada in a van - inspiring her writing career. She currently lives in Toronto, Ontario.

## True North

L.E. Sterling

**An amazing sequel to a high-concept sci-fi series perfect for fans of Moira Young, Alexandra Bracken, or Marie Lu.**

With her world in ashes and her twin sister Margot carried off to Russia, eighteen-year-old Lucy Fox has no choice but to rely upon the kindness of her True Born friends. But Nolan Storm, mysterious leader of the True Borns, has his own agenda: by leveraging Lucy's connections, he intends to infiltrate the powerful Upper Circle. When Storm backtracks on his promise to rescue Margot, Lucy takes her fate into her own hands. With the help of a new but mysterious friend, Alastair – and one spitting mad True Born bodyguard, Jared Price, who is his own world of complications – Lucy sets off for Russia, with its whispered rumors of Plague Cure.

Yet as Lucy and her friends arrive on the new shore, the trio discovers not all is as it appears...and discovering the secrets contained by the Fox sisters' blood before they wind up dead is just the beginning.

As they say in Dominion, sometimes it's not who you are. *It's what.*

## Car Crash Hearts

Kelley York and Rowan Altwood

**Fans of *Everything, Everything* will fall in love with Luc and Evelyn, on a road trip for the ages before Luc's failing heart finally gives out.**

When Luc Argent's body begins to reject his new heart, he knows he doesn't have a lot of time left. Which means he's pushing everyone away more than he usually does in order to minimize the collateral damage when he finally kicks the bucket.

Then Evelyn comes back to town.

Evelyn left California—and her best friend Luc—three years ago. Since then, she hasn't gotten so much as an e-mail from him. So when she returns and he shows up at her doorstep with an insane idea for an impromptu road trip, she doesn't know what to think. Running away with a guy is something her mother does. Not her.

But even after all this time she doesn't know how to tell Luc no. Just like Luc hasn't learned how to tell Evelyn about his illness and how serious it really is. He has a destination in mind, he has a plan, and it all revolves around him and Evelyn and what little time he has left.

Kelley York and Rowan Altwood are a wife and wife writing team living in central California with their daughter and way too many cats. Kelley is the author of *Hushed*, *Made of Stars*, and *Modern Monsters*, and *Car Crash Hearts* is Rowan's debut.
