This Was a Man

The Final Volume of The Clifton Chronicles

Jeffrey Archer

The 7th and final volume in Jeffrey Archer's *New York Times* bestselling Clifton Chronicles series brings the epic saga of the Clifton family's love, loss, and ambition to a dazzling conclusion.

This Was a Man opens with a shot being fired, but who pulled the trigger, and who lives and who dies?

In Whitehall, Giles Barrington discovers the truth about his wife Karin from the Cabinet Secretary. Is she a spy or a pawn in a larger game?

Harry Clifton sets out to write his magnum opus, while his wife Emma completes her ten years as Chairman of the Bristol Royal Infirmary and receives an unexpected call from Margaret Thatcher offering her a job.

Sebastian Clifton becomes Chairman of Farthings Kaufman bank but only after Hakim Bishara has to resign for personal reasons. Sebastian and Samantha's talented daughter, Jessica, is expelled from the Slade School of Fine Art, but her aunt Grace comes to her rescue.

Meanwhile, Lady Virginia is about to flee the country to avoid her creditors when the Duchess of Hertford dies, and she sees another opportunity to clear her debts and finally trump the Cliftons and Barringtons.

In a devastating twist, tragedy engulfs the Clifton family when one of them receives a shocking diagnosis that will throw all their lives into turmoil.

This Was a Man is the captivating final installment of the Clifton Chronicles, a series of seven novels that has topped the bestseller lists around the world and enhanced Jeffrey Archer's reputation as a master storyteller.

Close to Om

Stretching Yoga from Your Mat to Your Life

Andrea Marcum

A beautifully illustrated, practical and philosophical, yoga book that promotes and teaches mindfulness in both your yoga practice and your everyday life.

Before Andrea Marcum was a sought after celebrity yoga teacher, she was someone who thought she couldn't do yoga because she couldn't be still. Now after sixteen years of teaching yoga, she works with network executives, global brands, Hollywood actresses, and everyone in between.

Yoga is the yoke of body, mind, and spirit, and in *Close to Om*, Marcum offers a program that teaches all three aspects of yoga. In the vein of Tara Stiles' *Yoga Curves*, Rebecca Pacheco's *Do Your Om Thing*, and Sharon Saltzberg's *Real Happiness*, but showcasing Marcum's signature unique style, it is a program that combines the teaching of poses with the exploration of yoga philosophy and insight into meditation and mindfulness.

By the end of *Close to Om*, you will not only know a lot about yoga and its poses, but you'll also know more about you: who you are, what you want, and how to get there—on and off your mat. The progression in *Close to Om* is the architecture of every yoga practice—and will show you that how you do your yoga is how you do your life.

PRAISE

“Andrea’s combination of a challenging class, and a great sense of humor are unique, intelligent, and always leave me feeling better when I leave than when I arrived. She is an amazing teacher and I love her class.” —Heather Graham, actress

“At our NBC Universal International Television executive retreat Andrea convinced even the most skeptical on our team that mindfulness and yoga are exciting tools to improve our quality of life and job performance. Her approachable style allowed everyone to feel comfortable and made the session a great success.” —Michael Edelstein, President, NBC Universal International Television Production

ANDREA MARCUM has been teaching yoga in LA for sixteen years. She teaches at Yogaworks locally and at major events including Wanderlust festivals, as well as leading corporate and private retreats all over the world. Her classes are also available through My Yoga Gaia for streaming online and TV. Unf*ckology

A Field Guide to Living with Guts and Confidence

Amy Alkon

The Advice Goddess presents a pull-yourself-up-by-your-bootstraps, science-based guide to living a happier life by learning how to grow a pair.

Amy Alkon, The Advice Goddess, isn't exactly the warm-and-fuzzy type. She's the pull-yourself-up-by-your-bootstraps type. Her *Good Manners for Nice People Who Sometimes Say F*ck* was a big hit, and she's following that no-nonsense guide to good behavior with her very own prescription for living better: Unf*ck Yourself! In her latest book, Amy is out to prove that loserhood, isn't destiny. As she puts it "You can't order a slightly used spine off eBay." There's no "find my balls" like "find my iPhone," but there is actually a way out of loserhood and it doesn't require a therapist who's looking forward to finally buying that island after decades of listening to you jaw on. All you have to do is behave as the confident person you want to be. In Amy's words, this is not a self-help book, but a "science-help" book. Based on research in neuroscience and behavior she shows readers how to get up off their couches and actually do something about their life. In chapters like "Eat Shit and Die," "Jeer Pressure," and "You Suck, or...Do You?" she takes a science-based approach to why ritual is important, what shame actually is and how to beat it, and how confidence can lead to self-respect. With the same hilarious approach she took to etiquette, Amy Alkon now turns her gimlet eye on the self-help book and uses science to turn losers into winners.

PRAISE

"She is chatty, at times outrageous, but full of ideas about living politely in a society that she says has become too big for our brains to handle. As for Oscar Wilde, at the end of his life he is said to have commented: 'The world was my oyster, but I used the wrong fork.'" —Moira Hodgson, *The Wall Street Journal*

"Contradiction is part of what makes Ms. Alkon so captivating. Perhaps the biggest contradiction: The hisser can also be utterly lovely." —Brooks Barnes, *The New York Times*

"Hilarious...and, above all, wise. It's Emily Post as a beach read." —Charlotte Allen, *The Weekly Standard*

AMY ALKON does "applied behavioral science," translating scientific research into highly practical advice. Alkon writes *The Science Advice Goddess*, an award-winning, syndicated column that runs in newspapers across the United States and Canada. She is also the author of *Good Manners for Nice People Who Sometimes Say F*ck* and *I See Rude People*. She has been on *Good Morning America*, *The Today Show*, NPR, CNN, MTV, and does a weekly science podcast. She has written for *Psychology Today*, *Los Angeles ...*

The One Man

The Riveting and Intense Bestselling WWII Thriller

Andrew Gross

In this riveting historical thriller from *New York Times* bestselling author Andrew Gross, a US intelligence officer is sent into Auschwitz to help one man escape.

Poland. 1944. Alfred Mendl and his family are brought on a crowded train to a Nazi concentration camp after being caught trying to flee Paris with forged papers. His family is torn away from him on arrival, his life's work burned before his eyes. To the guards, he is just another prisoner, but in fact Mendl—a renowned physicist—holds knowledge that only two people in the world possess. And the other is already at work for the Nazi war machine.

Four thousand miles away, in Washington, DC, Intelligence lieutenant Nathan Blum routinely decodes messages from occupied Poland. Having escaped the Krakow ghetto as a teenager after the Nazis executed his family, Nathan longs to do more for his new country in the war. But never did he expect the proposal he receives from “Wild” Bill Donovan, head of the OSS: to sneak into the most guarded place on earth, a living hell, on a mission to find and escape with one man, the one man the Allies believe can ensure them victory in the war.

Bursting with compelling characters and tense story lines, this historical thriller from *New York Times* bestseller Andrew Gross is a deeply affecting, unputdownable series of twists and turns through a landscape at times horrifyingly familiar but still completely new and compelling.

Watch Me

A Gripping Psychological Thriller

Jody Gehrman

A riveting thriller about one college student's dark obsession with his professor.

For fans of *You* by Caroline Kepnes and *Her* by Harriet Lane comes a riveting novel of psychological suspense about how far obsession can go.

Kate Youngblood is disappearing. Muddling through her late 30s as a creative writing professor at Blackwood college, she's dangerously close to never being noticed again. The follow-up novel to her successful debut tanked. Her husband left her for a woman ten years younger. She's always been bright, beautiful, independent and a little wild, but now her glow is starting to vanish. She's heading into an age where her eyes are less blue, her charm worn out, and soon no one will ever truly look at her, want to know her, again.

Except one.

Sam Grist is Kate's most promising student. An unflinching writer with razor-sharp clarity who gravitates towards dark themes and twisted plots, his raw talent is something Kate wants to nurture into literary success. But he's not there solely to be the best writer. He's been watching her. Wanting her. Working his way to her for years.

As Sam slowly makes his way into Kate's life, they enter a deadly web of dangerous lies and forbidden desire. But how far will his fixation go? And how far will she allow it?

A gripping novel exploring intense obsession and illicit attraction, Jody Gehrman introduces a world where what you desire most may be the most dangerous thing of all.

JODY GEHRMAN has authored ten published novels and numerous plays for stage and screen. Jody's plays have been produced or had staged readings in Ashland, New York, San Francisco, Chicago and L.A. She and her partner David Wolf won the New Generation Playwrights Award for their one-act, *Jake Savage, Jungle P.I.* She holds a Masters Degree in Professional Writing from the University of Southern California and is a professor of Communications at Mendocino College in Northern California.

The True Flag

Theodore Roosevelt, Mark Twain, and the Birth of American Empire

Stephen Kinzer

The bestselling author of *All the Shah's Men* and *The Brothers* brings to life the forgotten political debate that set America's interventionist course for the twentieth century and beyond.

How should the United States act in the world? Americans cannot decide. Sometimes we burn with righteous anger, launching foreign wars and deposing governments. Then we retreat—until the cycle begins again.

No matter how often we debate this question, none of what we say is original. Every argument is a pale shadow of the first and greatest debate, which erupted more than a century ago. Its themes resurface every time Americans argue whether to intervene in a foreign country.

In *The True Flag*, Stephen Kinzer transports us to the dawn of the twentieth century, when the United States first found itself with the chance to dominate faraway lands. That prospect thrilled some Americans. It horrified others. Their debate gripped the nation as the best-known political and intellectual leaders took sides. Theodore Roosevelt, Henry Cabot Lodge, and William Randolph Hearst pushed for imperial expansion; Mark Twain, Booker T. Washington, and Andrew Carnegie preached restraint. Only once before—in the period when the nation was founded—have so many brilliant Americans so eloquently debated a question so fraught with meaning for all humanity.

All Americans, regardless of political perspective, can take inspiration from the titans who faced off in this epic confrontation. Their words are amazingly current. Every argument over America's role in the world grows from this one. It all starts here.

The unforgettable story of Alexander Pushkin's beautiful wife, Natalya, a woman much admired at Court, and how she became reviled as the villain of St. Petersburg.

At the age of sixteen, Natalya Goncharova is stunningly beautiful and intellectually curious. But while she finds joy in French translations and a history of Russian poetry, her family is more concerned with her marriage prospects. It is only fitting that during the Christmas of 1828 at her first public ball in her hometown of Moscow she attracts the romantic attention of Russia's most lauded rebel poet: Alexander Pushkin.

Enchanted at first sight, Natalya is already a devoted reader of Alexander's serialized novel in verse, *Evgeny Onegin*. The most recently published chapter ends in a duel, and she is dying to learn what happens next. Finding herself deeply attracted to Alexander's intensity and *joie de vivre*, Natalya hopes to see him again as soon as possible.

What follows is a courtship and later marriage full of equal parts passion and domestic bliss but also destructive jealousies. When vicious court gossip leads to Alexander dying from injuries earned defending his honor as well as Natalya's in a duel, Natalya finds herself reviled for her alleged role in his death. With beautiful writing and understanding, Jennifer Laam, and her compelling new novel, *The Lost Season of Love and Snow*, help Natalya tell her side of the story—the story of her greatest love and her inner struggle to create a fulfilling life despite the dangerous intrigues of a glamorous imperial Court.

Mrs. Sherlock Holmes

*The True Story of New York City's Greatest Female Detective
and the 1917 Missing Girl Case That Captivated a Nation*

Brad Ricca

This is the shocking and amazing true story of the first female U.S. District Attorney and traveling detective who found missing 18-year-old Ruth Cruger when the entire NYPD had given up.

Mrs. Sherlock Holmes tells the true story of Grace Humiston, the detective and lawyer who turned her back on New York society life to become one of the nation's greatest crime fighters during an era when women were rarely involved with investigations. Grace solved the famous cold case of Ruth Cruger, an 18-year-old girl who disappeared in 1917. She focused on solving cases no one else wanted and advocating for innocents. Grace became the first female U.S. District Attorney and made groundbreaking investigations into modern slavery.

One of Grace's greatest accomplishments was solving the Cruger case after following a trail of corruption that led from New York to Italy. Her work changed how the country viewed the problem of missing girls. But the victory came with a price when she learned all too well what happens when one woman upstages the entire NYPD.

In the literary tradition of *In Cold Blood* and *The Devil in the White City*, Brad Ricca's *Mrs. Sherlock Holmes* is a true crime tale told in spine-tingling fashion. This story is about a woman whose work was so impressive that the papers gave her the nickname of fiction's greatest sleuth. With important repercussions in the present about kidnapping, the role of the media, and the truth of crime stories, the great mystery of the book—and its haunting twist ending—is how one woman can become so famous only to disappear from history completely.

PRAISE

“Rambunctiously excellent...Ricca has a whopper of a story to tell, and he tells it with thrilling enthusiasm” —*The Christian Science Monitor*

“Brad Ricca's new true-crime/biography, *Mrs. Sherlock Holmes*, is sure to entice...It reads like the best crime fiction, with breakneck pacing and incredible characters surrounding a heinous and mysterious crime.” —*BookReporter.com*

BRAD RICCA earned his Ph.D. in English from Case Western Reserve University where he currently teaches. The author of *Super Boys*, he has spoken on comics at various schools and museums, and he has been interviewed about comics by *The New York Daily News*, *The Wall Street Journal*, and *All Things Considered* on NPR. A Consequential President

The Legacy of Barack Obama

Michael D'Antonio

A bold assessment of the lasting successes and major achievements of President Obama.

As Trump tries to tear down President Barack Obama's impressive legacy, Michael D'Antonio shows how President Obama *actually* made America great again.

Obama's campaign for the White House made the senator from Chicago a worldwide sensation and a transformative figure of hope. Elected after the Iraq War and the Great Recession had driven millions of Americans to despair, he quickly passed an economic recovery act and a program to save the U.S. auto industry. Together, they powered a recovery that once again made America's economy the most vibrant in the world.

That alone would have made him a truly successful president, but President Obama achieved so much more and against ferocious opposition. With healthcare reform, President Obama ended a long-running crisis of escalating costs and inadequate access to treatment for tens of millions of citizens. His Paris Agreement became the first treaty to address global warming in a meaningful way.

His successes abroad matched those at home. He oversaw the mission to kill Osama bin Laden at last. His measured diplomacy reduced the nuclear threat posed by Iran, normalized relations with Cuba, and left the world a safer place.

Most of all, D'Antonio shows that President Obama restored dignity and ethics to the office of the president while running an administration almost entirely untainted by scandal and criminality—which few others can claim.

PRAISE

"[An] obligatory reference...for future historians grappling with the Obama presidency." —*The Washington Post*

"[A] massive trove of fact-checked, citation-provided facts." —*Chicago Tribune*

As part of a team of journalists from *Newsday*, MICHAEL D'ANTONIO won the Pulitzer Prize for his reporting before going on to write many acclaimed books, including *Atomic Harvest*, *The State Boys Rebellion*, and *The Truth About Trump*. He has also written for *Esquire*, *The New York Times Magazine*, and *Sports Illustrated*. He lives in New York.

Hidden Depths

A Vera Stanhope Mystery

Ann Cleeves

Published for the first time in the U.S., an early book in Diamond Dagger award-winning crime novelist Ann Cleeves's Vera Stanhope series, brought to life in the hit TV series *Vera*.

“I do love Vera!” —Val McDermid

“Cleeves offers up evocative settings and flawed characters with depth, making her mysteries wonderfully addictive. Her latest is no exception.”
—*Library Journal* (Starred Review) on *Harbour Street*

On a hot summer on the Northumberland coast, Julie Armstrong arrives home from a night out to find her son murdered. Luke has been strangled, laid out in a bath of water and covered with wild flowers.

This stylized murder scene has Inspector Vera Stanhope and her team intrigued. But now, Vera must work quickly to find this killer who remains at large, waiting for an opportunity to prepare another beautiful, watery grave...

PRAISE

“It would be foolish to discount Vera because she doesn’t dress smartly--she can outfox even the wiliest of criminals, while wearing whatever she pleases, and readers will delight in getting the chance to see how such a quirky character evolved.” —*Library Journal* on *The Crow Trap*

“Winning. It is Stanhope herself—a homely, overweight spinster with blotchy skin, a fondness for alcohol, and a toxic personality—who, using intuition and subtle intimidation, brings all the disorganization to an illogical but satisfying conclusion.” —*Publishers Weekly* on *Silent Voices*

ANN CLEEVES writes two series of traditional mysteries, both of which have been turned into hit TV series. The Vera Stanhope books have been made into the hit series *Vera* which is available in the U.S. through Amazon, Hulu, Acorn TV, and PBS. The other TV series, *Shetland*, is available on Netflix, Amazon, and PBS. She was presented the Lee Child Dead Good Readers’ Award for Best Loner or Detective for Vera. In 2017 Ann was awarded the CWA Diamond Dagger Award. She lives in England.

Among the Ruins

A Mystery

Ausma Zehanat Khan

In Ausma Khan's next powerful mystery, the murder of a filmmaker in Iran leads Detectives Esa Khattak and Rachel Getty into the heart of Iran's tumultuous politics.

On leave from Canada's Community Policing department, Esa Khattak is traveling in Iran, reconnecting with his cultural heritage and seeking peace in the country's beautiful mosques and gardens. But Khattak's break is cut short when he's approached by a Canadian government agent in Iran, asking him to look into the death of Canadian-Iranian filmmaker Zahra Sobhani. Zahra was murdered at Iran's notorious Evin prison, where she'd been seeking the release of a political prisoner. Khattak quickly finds himself embroiled in Iran's tumultuous politics and under surveillance by the regime, but when the trail leads to Zahra's family in Canada, Khattak calls on his partner, Detective Rachel Getty, for help.

Rachel uncovers a conspiracy linked to the Shah of Iran and the decades-old murders of a group of Iran's most famous dissidents. Historic letters, a connection to the Royal Ontario Museum, and a smuggling operation on the Caspian Sea are just some of the threads Rachel and Khattak begin unraveling, while the list of suspects stretches from Tehran to Toronto. As Khattak gets caught up in the fate of Iran's political prisoners, Rachel sees through to the heart of the matter: Zahra's murder may not have been political at all.

From the critically acclaimed author of *The Unquiet Dead* comes another powerful novel exploring the interplay of politics and religion, and the intensely personal ripple effects of one woman's murder.

PRAISE

"Iran's stormy history is the atmospheric backdrop for Ausma Zehanat Khan's *Among the Ruins*, the third book in her exceptional series...The story takes on the air of a James Bond movie, including an explosive finale." —*The Washington Post*

"Provocative...Deeply political without becoming pedantic, Khan's crime novel offers a fictionalized yet very real look at a region that is steeped in both beauty and misery." —*Library Journal* (Starred Review)

AUSMA ZEHANAT KHAN holds a Ph.D. in International Human Rights Law and is a former adjunct law professor. She was Editor-in-Chief of *Muslim Girl* magazine, the first magazine targeted to young Muslim women. A British-born Canadian, Khan now lives in Colorado with her husband.

Spider from Mars

My Life with Bowie

Woody Woodmansey

A first-hand look at Bowie's Ziggy Stardust era which saw a young David Bowie go from obscure artist to global phenomenon, by the last surviving member of his band, The Spiders from Mars.

The death of David Bowie in January 2016 rocked the globe. Millions of fans celebrated his music, his film and theatrical roles, his trend-setting influence on fashion and gender and popular culture.

Drummer Woody Woodmansey is the last surviving member of Bowie's band, The Spiders from Mars, which helped launch his Ziggy Stardust persona and made Bowie a star. In this first memoir to follow Bowie's passing, *Spider from Mars* reveals what it was like to be at the white-hot center of Bowie's self-creation. With never-before-told stories and never-before-seen photographs, Woodmansey offers details of the album sessions for *The Man Who Sold the World*, *Ziggy Stardust and the Spiders from Mars*, *Aladdin Sane*, and *Hunky Dory*: the four albums that made Bowie sensational. And, as fame beckoned but eventually consumed Bowie, Woodmansey recalls the wild tours, eccentric characters, and rock 'n roll excess that drove the band apart.

A vivid and unique evocation of a transformative musical era and the enigmatic, visionary musician at the center of it, with a foreword by legendary producer Tony Visconti, *Spider from Mars* is for everyone who values David Bowie.

PRAISE

"Woodmansey recounts wild tours, behind-the-scenes drama, and album sessions...revealing." —USA Today

"Any rock memoir is going to have its share of great stories, and Woodmansey doesn't disappoint." —The Current, Minnesota Public Radio

MICHAEL "WOODY" WOODMANSEY was the drummer for David Bowie's the Spiders from Mars from 1969-1973 on the hit albums *The Man Who Sold the World*, *Hunky Dory*, and *The Rise and Fall of Ziggy Stardust and the Spiders from Mars*. Though remembered chiefly as author of the Declaration of Independence and the president under whom the Louisiana Purchase was effected, Thomas Jefferson was a true revolutionary in the way he thought about the size and reach of government, which Americans were full citizens and the role of education in the new country. In his new book, Kevin Gutzman gives readers a new view of Jefferson—a revolutionary who effected radical change in a growing country. Jefferson's philosophy about the size and power of the federal system almost completely undergirded the Jeffersonian Republican Party. His forceful advocacy of religious freedom was not far behind, as were attempts to incorporate Native Americans into American society. His establishment of the University of Virginia might be one of the most important markers of the man's abilities and character. He was not without flaws. While he argued for the assimilation of Native Americans into society, he did not assume the same for Africans being held in slavery while—at the same time—insisting that slavery should cease to exist. Many still accuse Jefferson of hypocrisy on the ground that he both held that “all men are created equal” and held men as slaves. Jefferson's true character, though, is more complex than that as Kevin Gutzman shows in his new book about Jefferson, a revolutionary whose accomplishments went far beyond the drafting of the Declaration of Independence.

PRAISE

"In this lively and clearly written book, Kevin Gutzman makes a compelling case for the broad range and radical ambitions of Thomas Jefferson's commitment to human equality." -Alan Taylor, Pulitzer Prize winning author of *American Revolutions: A Continental History, 1750-1804*

KEVIN R. C. GUTZMAN, JD, PhD, is author of *James Madison and the Making of America*. Professor of History at Western Connecticut State University and a faculty member at LibertyClassroom.com, he is the author of several books, including best-sellers, has published in all the leading history journals, and writes and speaks frequently for popular audiences. He lives with his son in Connecticut.

Inspector Agnes Lüthi, a Swiss-American police officer in Lausanne, Switzerland, has just transferred to the Violent Crimes unit from Financial Crimes to try to shed all reminders of her old life following her husband's death. Now, on the eve of the worst blizzard Lausanne has seen in centuries, Agnes has been called to investigate her very first homicide case. On the lawn of the grand Château Vallotton at the edge of Lac Léman, a young woman has been found stabbed to death. The woman, an appraiser for a London auction house, had been taking inventory at the château, a medieval fortress dripping in priceless works of art and historical treasures.

Agnes finds it difficult to draw answers out of anyone—the tight-lipped Swiss family living in the château, the servants who have been loyal to the family for generations, the aging WWII survivor who lives in the neighboring mansion, even the American history student studying at the Vallotton château's library. As the storm rages on, roads become impassible, the power goes out around Lausanne, and Agnes finds herself trapped in the candlelit halls of the château with all the players of the mystery, out of her depth in her first murder case and still struggling to stay afloat after the death of her husband.

Tracee de Hahn's mesmerizing debut is an emotionally complex, brilliantly plotted mystery set against the beautiful but harsh backdrop of a Swiss winter.

—McKenna Jordan, *Murder by the Book*

TRACEE DE HAHN completed degrees in architecture and European history at the University of Kentucky and then lived in Europe, including several years in Switzerland. A Death in the Dales

A Kate Shackleton Mystery

Frances Brody

A delightful traditional British cozy featuring private investigator Kate Shackleton.

Set in 1920s England, Frances Brody's seventh mystery featuring her "refreshingly complex heroine" (*Kirkus Reviews*) Kate Shackleton is sure to be enjoyed by fans of Agatha Christie, Jacqueline Winspear, and M.C. Beaton.

A murder most foul

When the landlord of a Yorkshire tavern is killed in plain sight, Freda Simonson, the only witness to the crime, becomes plagued with guilt, believing the wrong man has been convicted. Following her death, it seems that the truth will never be uncovered in the peaceful village of Langcliffe...

A village of secrets

But it just so happens that Freda's nephew is courting the renowned amateur sleuth Kate Shackleton, who decides to holiday in Langcliffe with her indomitable teenage niece, Harriet. When Harriet strikes up a friendship with a local girl whose young brother is missing, the search leads Kate to uncover another suspicious death, not to mention an illicit affair.

The case of a lifetime

As the present mysteries merge with the past's mistakes, Kate is thrust into the secrets that Freda left behind and realizes that this courageous woman has entrusted her with solving a murder from beyond the grave. It soon becomes clear to her that nothing in Langcliffe is quite as it appears, and with a murderer on the loose and an ever-growing roster of suspects, this isn't the holiday Kate was expecting...

PRAISE

"This is a solid British traditional mystery that should please series regulars and newcomers alike." —*Library Journal*

"Frances Brody matches a heroine of free and independent spirit with a vivid evocation of time and place. *A Death in the Dales* is a novel to cherish." — *Daily Mail (UK)*

Hidden Depths

A Vera Stanhope Mystery

Ann Cleeves

Published for the first time in the U.S., an early book in Diamond Dagger award-winning crime novelist Ann Cleeves's Vera Stanhope series, brought to life in the hit TV series *Vera*.

"I do love Vera!" —Val McDermid

"Cleeves offers up evocative settings and flawed characters with depth, making her mysteries wonderfully addictive. Her latest is no exception."
—*Library Journal* (Starred Review) on *Harbour Street*

On a hot summer on the Northumberland coast, Julie Armstrong arrives home from a night out to find her son murdered. Luke has been strangled, laid out in a bath of water and covered with wild flowers.

This stylized murder scene has Inspector Vera Stanhope and her team intrigued. But now, Vera must work quickly to find this killer who remains at large, waiting for an opportunity to prepare another beautiful, watery grave...

PRAISE

"It would be foolish to discount Vera because she doesn't dress smartly--she can outfox even the wiliest of criminals, while wearing whatever she pleases, and readers will delight in getting the chance to see how such a quirky character evolved." —*Library Journal* on *The Crow Trap*

"Winning. It is Stanhope herself—a homely, overweight spinster with blotchy skin, a fondness for alcohol, and a toxic personality—who, using intuition and subtle intimidation, brings all the disorganization to an illogical but satisfying conclusion." —*Publishers Weekly* on *Silent Voices*

ANN CLEEVES writes two series of traditional mysteries, both of which have been turned into hit TV series. The Vera Stanhope books have been made into the hit series *Vera* which is available in the U.S. through Amazon, Hulu, Acorn TV, and PBS. The other TV series, *Shetland*, is available on Netflix, Amazon, and PBS. She was presented the Lee Child Dead Good Readers' Award for Best Loner or Detective for Vera. One Perfect Lie

Lisa Scottoline

From the *New York Times* bestselling author, a novel of suspense and emotional justice.

On paper, Chris Brennan looks perfect. He's applying for a job as a high school government teacher, he's ready to step in as an assistant baseball coach, and his references are impeccable.

But everything about Chris Brennan is a lie.

Susan Sematov is proud of her son Raz, a high school pitcher so athletically talented that he's being recruited for a full-ride scholarship to a Division I college, with a future in major-league baseball. But Raz's father died only a few months ago, leaving her son in a vulnerable place where any new father figure might influence him for good, or evil.

Heather Larkin is a struggling single mother who lives for her son Justin's baseball games. But Justin is shy, and Heather fears he is being lured down a dark path by one of his teammates, a young man from an affluent family whose fun-loving manner might possibly conceal his violent plans.

Mindy Kostis succumbs to the pressure of being a surgeon's wife by filling her days with social events and too many gin and tonics. But she doesn't know that her husband and her son, Evan, are keeping secrets from her—secrets that might destroy all of them.

At the center of all of them is Chris Brennan. Why is he there? What does he want? And what is he willing to do to get it?

One Perfect Lie is an emotional thriller that will have readers riveted up to the shocking end, with killer twists and characters you won't soon forget.

Dodge City

Wyatt Earp, Bat Masterson, and the Wickedest Town in the American West

Tom Clavin

Now in paperback, the *New York Times* bestselling story of the taming of the Wild West, set in Dodge City, the most deprived and criminal town in the nation.

Dodge City, Kansas, is a place of legend. The town that started as a small military site exploded with the coming of the railroad. Before long, Dodge City's streets were lined with saloons and brothels and its populace was thick with gunmen, horse thieves, and desperadoes of every sort. By the 1870s, Dodge City was known as the most violent and turbulent town in the West.

Enter Wyatt Earp and Bat Masterson. Young and largely self-trained men, the lawmen led the effort that established frontier justice and the rule of law in the American West, and did it in the wickedest place in the United States. When they moved on, Wyatt to Tombstone and Bat to Colorado, a tamed Dodge was left in the hands of Jim Masterson. But before long Wyatt and Bat, each having had a lawman brother killed, returned to that threatened western Kansas town to team up to restore order again in what became known as the Dodge City War before riding off into the sunset.

#1 *New York Times* bestselling author Tom Clavin's *Dodge City* tells the true story of their friendship, romances, gunfights, and adventures, along with the remarkable cast of characters they encountered along the way (including Wild Bill Hickock, Jesse James, Doc Holliday, Buffalo Bill Cody, John Wesley Hardin, Billy the Kid, and Theodore Roosevelt) that has gone largely untold—lost in the haze of Hollywood films and western fiction, until now.

PRAISE

“Absorbing.... Fun and revealing all the way through... Mr. Clavin gives Earp his due, but one of the virtues of his book is the welcome light it shines on its other protagonist, Bat Masterson, who comes across as much more interesting, human and fun.” —*The Wall Street Journal*

“Two of the most fabled lawmen of the American West’s fascinating careers are brought to life in Tom Clavin’s *Dodge City*.” —*New York Post*

TOM CLAVIN is a #1 *New York Times* bestselling author and has worked as a newspaper and web site editor, magazine writer, TV and radio commentator, and a reporter for *The New York Times*. He has received awards from the Society of Professional Journalists, Marine Corps Heritage Foundation, and National Newspaper Association. His books include *The Heart of Everything That Is*, *Halsey's Typhoon*, and *Reckless*. He lives in Sag Harbor, NY.

Almost Missed You

A Novel

Jessica Strawser

The sensational debut that *New York Times* bestselling author Garth Stein calls “an emotional powerhouse of a novel” now in trade paperback.

Violet and Finn were “meant to be,” said everyone, always. They ended up together by the hands of fate aligning things just so. Three years into their marriage, they have a wonderful little boy, and as the three of them embark on their first vacation as a family, Violet can’t help thinking that she can’t believe her luck. Life is good.

So no one is more surprised than she when Finn leaves her at the beach—just packs up the hotel room and disappears. And takes their son with him. Violet is suddenly in her own worst nightmare, and faced with the knowledge that the man she’s shared her life with, she never really knew at all.

Caitlin and Finn have been best friends since way back when, but when Finn shows up on Caitlin’s doorstep with the son he’s wanted for kidnapping, demands that she hide them from the authorities, and threatens to reveal a secret that could destroy her own family if she doesn’t, Caitlin faces an impossible choice.

Told through alternating viewpoints of Violet, Finn, and Caitlin, Jessica Strawser’s *Almost Missed You* is a powerful story of a mother’s love, a husband’s betrayal, connections that maybe should have been missed, secrets that perhaps shouldn’t have been kept, and spaces between what’s meant to be and what might have been.

PRAISE

No Barriers

A Blind Man's Journey to Kayak the Grand Canyon

Erik Weihenmayer and Buddy Levy

**National bestseller— “A beautiful book about family and finding a way to achieve more than you ever thought possible.”
—Brad Meltzer, NYT bestselling author**

Erik Weihenmayer is the first and only blind person to summit Mount Everest. When the mountain was finally behind him, his expedition leader slapped him on the back and said something that would affect the course of Erik’s life: “Don’t make Everest the greatest thing you ever do.”

No Barriers is Erik’s response to that challenge. It is the moving story of his journey since descending Mount Everest: from leading expeditions around the world with blind Tibetan teenagers to helping injured soldiers climb their way home from war, from adopting a son from Nepal to facing the most terrifying reach of his life: to solo kayak the thunderous whitewater of the Grand Canyon.

PRAISE

“A wonderful tribute to the greatness of the human spirit.” —*Kirkus Reviews* (Starred Review)

“*No Barriers* is amazing. Erik’s story is an inspiration to all of us.” —Mark Burnett, TV producer

A Baker's Year

Twelve Months of Baking and Living the Simple Life at the Smoke Signals Bakery

Tara Jensen

A year in the life of Instagram bread-baking sensation Tara Jensen as she teaches readers how to bake bread and pies, build the perfect fire to cook with, and live a simple, satisfying life.

Why do so many people make pilgrimages to Tara Jensen's North Carolina Smoke Signals Bakery? Why do 100,000 people follow her Instagram feed @bakerhands? It's because Tara bakes the most exquisite bread in the US, using a wood-fired oven that she tends with her own two hands. It could also be to learn how she makes her bubbly, deep-dish fruit pies or to see the crisp pizzas that are sometimes covered with fresh flowers. It could be something deeper: Tara Jensen has learned to live a simple life, close to the land that feeds her oven. In her first book, she shares her philosophy of simple living and her trove of recipes with others. *A Baker's Year* takes readers month-by-month through the seasons at Smoke Signals for porridge and waffles in winter, crusty bread in spring, pies and pizza in the summer, and celebration cakes for end-of-the-year holidays. Along the way, Tara writes about how to live in a more peaceful world, shares stories from her own life, mourns romances lost, and celebrates the promise of a new relationship. Tara Jensen's *A Baker's Year* is destined to be a classic of cookbook shelves in the tradition of *The Auberge of the Flowering Hearth* and *When French Women Cook*. Illustrated throughout with Tara's photographs and drawings, *A Baker's Year* is a true American original. Think of it as *The Tassajara Bread Book* meets *Eat Pray Love*.

PRAISE

"To aspiring bakers and established chefs and food geeks and fawning journalists, she represents an elusive ideal: the young breadmaker who structures her life around the rhythms of a wood-burning oven, not the demands of a high-volume production facility. At a moment when 'artisanal' has gone the way of cliché, Jensen actually embodies it. Her dedication shows in each bread and pie, which she patterns with intricate handmade stencils and cutout shapes." —Bon Appétit on Tara Jensen

TARA JENSEN is an artist and baker living a solitary life at Smoke Signals, a wood fired bakery deep in the mountains of North Carolina. Jensen baked her way through her twenties in professional settings, keeping handwritten journals as she went. Baking has now become her personal practice, which she shares with students from around the world. When not teaching she spends her days chopping wood, mixing dough, and studying the stars. Her Instagram feed, @bakerhands, has 100,000 followers.

The Aspiring Screenwriter's Dirty Lowdown Guide to Fame and Fortune

Tough Lessons You Need to Know to Take Your Script from Premise to Premiere

Andy Rose

This will be a humorous and pithy guide to the craft of writing a screenplay and the business of being a screenwriter.

The stage at Hollywood's Dolby Theater is lit. Movie stars abound in tuxes and gowns, and Bradley Cooper slowly opens the sealed envelope, glances to the audience, and reads "And the Oscar for Best Original Screenplay goes to...." You kiss your guest on the cheek, shake hands with Spielberg, and head for the stage.

Winning an Oscar is a moment that most writers only dream of. But for those daring and talented few brave enough to take their hopes to Hollywood, there are clear and tangible steps to take if one knows the path. *The Aspiring Screenwriter's Dirty Lowdown Guide to Fame and Fortune* provides that path. And Andy Rose has walked it.

With years of experience with every major film studio and network, dozens of successful screenplays including feature films *McHale's Navy* and *Splash 2*; the TV movie *Richest Cat in the World*; and TV shows *Life With Louie* and *UC: Undercover*; Andy knows the business. He's here to debunk the big screen and teach you how to write a blockbuster screenplay and equally important, how to sell it.

Andy has worked with the best: Ron Howard, Tom Hanks, David Geffen, and Harvey Weinstein to name a few. He has filled this book with real life examples to learn from including contracts, screenplays, treatments, press, and more. For anyone who's ever dreamed of writing a screenplay, for anyone who's wondered how to sell one, this is a must read.

PRAISE

"I just wanted to...thank you for providing me with the skills I needed... I am also now a member of the Writers Guild East and even have an L.A. manager."

—Wendy Mohler, Web series *666*; Adapted novel, *Shattered*

ANDY ROSE teaches both intermediate and advanced screenwriting. He has written and/or produced over two dozen projects for almost every major Hollywood studio and network, including the feature films *McHale's Navy* and *Splash 2*; the TV movie *Richest Cat in the World*; and the TV shows *Life With Louie* and *UC: Undercover*. A WGA member, he has also written numerous articles for *MovieMaker* Magazine, a national publication on independent filmmaking.

The Last Illusion

A Molly Murphy Mystery

Rhys Bowen

Irish sleuth Molly Murphy is hired to protect none other than Harry Houdini after the on-stage death of a magician's assistant in the latest in Bowen's award-winning series.

Irish immigrant and PI Molly Murphy is thrilled to have a ticket to see the illusionists that are all the rage—indeed, Harry Houdini himself has returned from Europe for a brief run on Broadway. But Houdini can't even take the stage when to the crowd's shock the opening act saws into his assistant. The stunned performer accuses Houdini of tampering with his equipment, and he's not the only one critical of "The King of Handcuffs" who by raising the stakes has put other acts out of business. With everyone on edge, Houdini's wife hires Molly as an investigator and bodyguard, but how can she protect a man who risks his life every night?

With wit, charm, and historical detail, multiple award winner Rhys Bowen makes early twentieth century New York come vividly to life.

PRAISE

Praise for In a Gilded Cage:

"This installment outshines the others... Don't miss this great period puzzler reminiscent of Dame Agatha's mysteries and Gillian Linscott's Nell Bray series."
—*Booklist*

"Delightful... As ever, Bowen does a splendid job of capturing the flavor of early 20th-century New York." —*Publishers Weekly*

RHYS BOWEN is author of the Anthony and Agatha Award-winning Molly Murphy mysteries, the Edgar Award-nominated Evan Evans series, and the Royal Spyness series. Born in England, she lives in San Rafael, California.

Two Good Dogs

A Novel

Susan Wilson

From the *New York Times* bestselling author comes a sequel to *One Good Dog*.

Single mom Skye Mitchell has sunk her last dime into a dream, owning the venerable, if run-down LakeView Hotel in the Berkshire Hills. It's here where she believes she'll give her fourteen-year-old daughter Cody a better life. But being an innkeeper is more challenging than she imagined, and Cody still manages to fall in with the wrong crowd. In addition, Cody is keeping an earth-shattering secret that she's terrified to reveal. The once loving, open girl has now become completely withdrawn, and Skye is both desperate and helpless to reach her.

When Adam March and his pit bull Chance check into the hotel, it becomes the first of many visits. Here in these peaceful mountains he finds an unexpected relief from his recent bereavement. He and the beleaguered innkeeper form a tentative friendship. Adam knows the struggles of raising a difficult teenager and Skye understands loneliness.

And then there is Mingo, a street kid with a pit bull dog of his own. When Cody discovers an overdosed Mingo, Adam takes the boy's dog not just for safekeeping, but to foster and then rehome. But the dog isn't the only one who needs saving. A makeshift family begins to form as four lost people learn to trust and rely on each other, with the help of two good dogs.

Mercies in Disguise

A Story of Hope, a Family's Genetic Destiny, and the Science That Rescued Them

Gina Kolata

***New York Times* science reporter Gina Kolata's riveting story of a family's genetic illness and their courageous daughter's decision to separate her fate from that genetic flaw—now in paperback!**

The phone rings; the doctor has the results. "Are you ready Amanda?" The two people Amanda Baxley loves the most had begged her not to be tested. But she had to find out.

In *Mercies in Disguise*, acclaimed *New York Times* reporter and bestselling author Gina Kolata tells the story of the Baxleys, an upstanding family in small town South Carolina. Many of them were doctors, but still, they are struck down by an inscrutable illness. Finally, they discover the cause of the disease after a remarkable sequence of providential events. Meanwhile, science, progressing for 50 years along a parallel track, handed the Baxleys a question—not a cure, but a blood test that would reveal who had the gene for the disease. Science offered another dilemma—fertility specialists had created a way to spare the children.

A work of narrative nonfiction said by *The Washington Post* to recall *The Immortal Life of Henrietta Lacks*, *Mercies in Disguise* tells the story of a family that took matters into its own hands when medicine could not help. It's a story of a family dealing with unspeakable tragedy without being driven apart. It's the story of a young woman—Amanda Baxley—who faced the future, determined to find a way to disrupt her destiny.

PRAISE

"Beautifully told story, with lots of affection for the subjects. As a family with our own genetic disorder issues, I found this intellectually fascinating and emotionally difficult. It's an important book that I can recommend to anyone who likes science writing." —Angela Schroeder, Sunrise Bookshop, Indie Next recommender

"Gripping...Kolata's book reads like a medical thriller." —*Publishers Weekly*

"Absorbing...the interweaving tales of science, family, and medical ethics make for a compelling read." —*Library Journal*

GINA KOLATA (M.A.) is a writer and medical reporter for *The New York Times*. She has previously written five books and edited three collections of popular science writing. Ms. Kolata lives with her husband in Princeton, New Jersey.

The River of Kings

A Novel

Taylor Brown

Two brothers travel a storied river's past and present in search of the truth about their father's death in the second novel by the acclaimed author of *Fallen Land*.

In *The River of Kings*, award-winning author Taylor Brown artfully weaves three narrative strands—two brothers' journey, their father's past, and the dramatic history of an ancient river's earliest people—to evoke a legendary place and its powerful hold on the human imagination.

Brothers Hunter and Lawton Loggins set off to kayak Georgia's Altamaha River bearing their father's ashes toward the sea. Hunter is a college student, Lawton a Navy SEAL on leave; both young men were raised by an angry, enigmatic shrimper who loved the river, and whose death remains a mystery that his sons hope to resolve. As the brothers proceed downriver, their story is interwoven with that of Jacques Le Moyne, an artist who accompanied the 1564 expedition to found a French settlement at the river's mouth, which began as a search for riches and ended in a bloody confrontation with Spanish conquistadors and native tribes, leaving the fort in ruins and a few survivors fleeing for their lives.

Twining past and present in one compelling narrative, and illustrated with drawings that survived the 1564 expedition, *The River of Kings* is Taylor Brown's second novel: a dramatic and rewarding adventure through history, myth, and the shadows of family secrets.

PRaise

"Drawing comparisons to James Dickey's *Deliverance* and Charles Frazier's *Cold Mountain*...impressive...intense...haunting." —*Library Journal* (Starred Review)

"A literary achievement...powerful." —*Kirkus* (Starred Review)

"I read Taylor Brown's new novel in a state of astonishment—at the bold undertaking, the exhilarating narrative, and the vivid language...a startling portrait of America's soul." —Bobbie Ann Mason

TAYLOR BROWN grew up on the Georgia coast. He has lived in Buenos Aires, San Francisco, and the mountains of western North Carolina. His fiction has appeared in more than 20 publications, he is the recipient of the Montana Prize in Fiction, and was a finalist in both the Machigonne Fiction Contest and the Doris Betts Fiction Prize. *Fallen Land* was his first novel; his third novel, *Gods of Howl Mountain*, will be published in March 2018 by SMP. He lives in North Carolina.

ConBody

The Revolutionary Bodyweight Prison Boot Camp, Born from an Extraordinary Story of Hope

Coss Marte

An incredible bodyweight-only fitness book written by Coss Marte, a former Lower East Side drug dealer who found purpose and inspiration in prison—by developing a kick-butt workout.

ConBody is former Lower East Side drug dealer, Coss Marte's, bodyweight-only approach to fitness. Created in prison with only the space of his own cell and no equipment to work with, Coss designed a plan that helped him go from dangerously obese with a five year prognosis to losing 70 pounds and training other inmates.

Before prison, Coss was flying high, dealing drugs, and making money hand over fist as a teenager. But after watching his life and those of his loved ones fall apart, he realized things had to change. Once he saw that his workout plan was not only effective, but accessible, he knew he'd found a pathway to health and ultimately to a new life.

When he left prison, he returned to the Lower East Side where any betting person would tell you he'd be back slinging crack in no time. But instead he worked out in his old hangouts and gained a small following that turned into an acclaimed business winning entrepreneurial awards and the support of *Shark Tank's* Barbara Corcoran.

Coss's method works. Just ask the thousands of clients who attend his classes. These exercises are for anyone, anywhere. Male, female, rich, poor, all you need is yourself and the space of a jail cell to get to work. It's perfect for busy lifestyles on the go and can be done in hotel rooms, small apartments, and in your backyard. With fun, engaging exercises, *ConBody* will help you get and stay healthy.

PRAISE

"Meet the Ex-Con whose prison workout is taking over New York...Even after Marte was busted by the feds at his Bronx stash house, he was still obsessed with making money...Today, he's channeling that entrepreneurial spirit into a proper business." —NYPost.com

COSS MARTE is the owner and creator of ConBody, a growing gym and fitness business based on bodyweight and inspired by prison workouts. He was a Lower East Side drug dealer running his own crew and making bank before he turned his life around and became a legal entrepreneur committed to helping others get healthy and breaking down stereotypes to help other ex-cons like himself have a second chance at life.

Proving Ground

Peter Blauner

Edgar Award-winner Peter Blauner introduces New York police detective Lourdes Robles tracking the case of a murdered criminal defense attorney and his Iraq war veteran son.

After ten years, Edgar Award-winner and *New York Times* bestseller Peter Blauner is back.

After spending a decade writing for TV, Peter Blauner bursts back onto bookshelves with a quintessential New York City crime novel that is as much about family and second chances as it is about greed and revenge. Intricate, sweeping, tense, and shocking, *Proving Ground* heralds the return of a major crime fiction talent.

Nathaniel Dresden is an Iraqi war veteran having trouble settling back into life stateside and coming to terms with his actions overseas, when his father, a famously controversial criminal defense attorney loathed by every cop in the city, is gunned down in a Brooklyn Park one night. With no witnesses, no leads, Nathaniel might be the only one who really wants to find the killer. Except perhaps for the investigating detective, Lourdes Robles, who has just returned from probation after her partner's actions got her sidelined for months and who knows that not screwing up this case is her last chance to prove herself.

Proving Ground is a crime novel, a story about the quest for redemption, and a portrait of contemporary NYC, all told in Peter Blauner's singularly brilliant voice.

The Graves

A Novel

Pamela Wechsler

In Pamela Wechsler's latest novel featuring upper crust Boston DA Abby Endicott, Abby becomes personally embroiled in a serial killer case whose victims are all young women.

Abby Endicott, the chief of the District Attorney's homicide unit in Boston, returns in the heart-racing follow-up to *Mission Hill*. Things are looking good for Abby: she's top pick to be the next District Attorney, and her musician boyfriend Ty has moved in, despite her upper crust family's objections. But a serial killer is on the loose, and with two college-aged girls dead and one missing, time is running out. When the sons of a prominent senator are linked to the murders, Abby pushes back, stopping at nothing to find justice for the girls. This time, the killer could be right under her nose, and she may be the next victim.

In *The Graves*, former prosecutor turned television writer Pamela Wechsler delivers in her latest Abby Endicott novel.

Conviction

A Novel

Julia Dahl

In Julia Dahl's powerful novel, Rebekah Roberts investigates a murder that occurred in Brooklyn after the Crown Heights riots of 1991, for which the wrong man may have been convicted.

In the summer of 1992, a year after riots exploded between black and Jewish neighbors in Crown Heights, a black family is brutally murdered in their Brooklyn home. A teenager is quickly convicted, and the justice system moves on.

Twenty-two years later, journalist Rebekah Roberts gets a letter: I didn't do it. Frustrated with her work at the city's sleaziest tabloid, Rebekah starts to dig. But witnesses are missing, memories faded, and almost no one wants to talk about that grim, violent time in New York City—not even Saul Katz, a former cop and her source in Brooklyn's insular Hasidic community.

So she goes it alone. And as she gets closer to the truth of that night, Rebekah finds herself in the path of a killer with two decades of secrets to protect.

From the author of the Edgar-nominated *Invisible City* comes another timely thriller that illuminates society's darkest corners. Told in part through the eyes of a jittery eyewitness and the massacre's sole survivor, *Conviction* examines the power—and cost—of community, loyalty, and denial.

PRAISE

"A thrilling, utterly absorbing crime novel. With tender-tough reporter Rebekah Roberts at the story's center, it jolts the heart, while also raising bigger, troubling questions—about criminal confessions, urban fear, and the many, many ways our moral and ethical convictions can both guide us and mislead us, and ultimately save us." —Megan Abbott

Praise for *Run You Down*:

"Evocative." —NPR's *Fresh Air*

"[A] strong sequel...Aviva emerges as a woman with the great strength to survive." —*The New York Times Book Review*

JULIA DAHL is a journalist specializing in crime and criminal justice. Her first novel, *Invisible City*, was named one of the *Boston Globe's* Best Books of 2014, won the Macavity, Barry, and Shamus Awards, and was a finalist for an Edgar Award and a Mary Higgins Clark Award. She lives in Brooklyn, NY and writes for CBSNews.com.

Caught in the Revolution

Witnesses to the Fall of Imperial Russia

Helen Rappaport

From the *New York Times* bestselling author of *The Romanov Sisters* comes a gripping portrait of a St. Petersburg (then named Petrograd) at the outbreak of the Russian revolution.

Caught in the Revolution is Helen Rappaport's masterful telling of the outbreak of the Russian Revolution through eye-witness accounts left by foreign nationals who saw the drama unfold.

Between the first revolution in February 1917 and Lenin's Bolshevik coup in October, Petrograd (the former St Petersburg) was in turmoil—felt nowhere more keenly than on the fashionable Nevsky Prospekt. There, the foreign visitors who filled hotels, clubs, bars, and embassies were acutely aware of the chaos breaking out on their doorsteps and beneath their windows.

Among this disparate group were journalists, diplomats, businessmen, bankers, governesses, volunteer nurses, and expatriate socialites. Many kept diaries and wrote letters home: from an English nurse who had already survived the sinking of the Titanic; to the black valet of the US Ambassador, far from his native Deep South; to suffragette leader Emmeline Pankhurst, who had come to Petrograd to inspect the indomitable Women's Death Battalion led by Maria Bochkareva.

Helen Rappaport draws upon this rich trove of material, much of it previously unpublished, to carry us right up to the action—to see, feel, and hear the Revolution as it happened to an assortment of individuals who suddenly felt themselves trapped in a “red madhouse.”

PRAISE

“Splendid... the stories these witnesses tell is endlessly fascinating.” —*The New York Times Book Review*

“A multifaceted account of the 1917 Russian Revolution... Rappaport brings the streets and spirit of the early-20th-century Petrograd to life on the page.”

—*Harper's Bazaar*

“A gripping, vivid, deeply researched chronicle of the Russian Revolution told through the eyes of a surprising, flamboyant cast of foreigners in Petrograd, superbly narrated by Helen Rappaport.” —Simon Sebag Montefiore, author of *The Romanovs*

HELEN RAPPAPORT is the *New York Times* bestselling author of *The Romanov Sisters*. She studied Russian at Leeds University and is a specialist in Russian and Victorian history. She lives in West Dorset.

He Said/She Said

A Novel

Erin Kelly

On the eve of a solar eclipse, a couple forced into hiding discovers that they can no longer run from their past in this taut psychological suspense novel.

In the summer of 1999, Kit and Laura travel to a festival in Cornwall to see a total eclipse of the sun. Kit is an eclipse chaser; Laura has never seen one before. Young and in love, they are certain this will be the first of many they'll share.

But in the hushed moments after the shadow passes, Laura interrupts a man and a woman. She knows that she saw something terrible. The man denies it. It is her word against his.

The victim seems grateful. Months later, she turns up on their doorstep like a lonely stray. But as her gratitude takes a twisted turn, Laura begins to wonder—did she trust the wrong person?

15 years later, Kit and Laura are living under assumed names and completely off the digital grid: no Facebook, only rudimentary cell phones, not in any directories. But as the truth catches up to them, they realize they can no longer keep the past in the past.

From Erin Kelly, queen of the killer twist, *He Said/She Said* is a gripping tale of the lies we tell to save ourselves, the truths we cannot admit, and how far we will go to make others believe our side of the story.

PRAISE

"He Said/She Said" is a thriller to savor, and should be one of the highlights of the summer."

-- Associated Press

"This first-rate psychological thriller and deft exploration of the delicate dance of marriage and the secrets people keep works on multiple levels, and the passages about the early days of Laura and Kit's relationship—filled with the gossamer promise of new love—make what's in store for them even more harrowing. Climate of Hope

How Cities, Businesses, and Citizens Can Save the Planet

Michael Bloomberg and Carl Pope

From Mayor Michael Bloomberg and former head of the Sierra Club Carl Pope comes a manifesto on how the benefits of taking action on climate change are concrete, immediate, and immense.

The 2016 election left many people who are concerned about the environment fearful that progress on climate change would come screeching to a halt. But not Michael Bloomberg and Carl Pope. They approach climate change from different perspectives, yet they arrive at similar conclusions: without agreeing on every point, they share a belief that cities, businesses, and citizens can lead—and win—the battle against climate change, no matter which way the political winds in Washington may shift.

In *Climate of Hope*, Bloomberg and Pope offer an optimistic look at the challenge of climate change, the solutions they believe hold the greatest promise, and the practical steps that are necessary to achieve them. Writing from their own experiences and sharing their own stories from government, business, and advocacy, Bloomberg and Pope provide a road map for tackling the most complicated challenge the world has ever faced. Along the way, they turn the usual way of thinking about climate change on its head: from top down to bottom up, from partisan to pragmatic, from costs to benefits, from tomorrow to today, and from fear to hope.

Bloomberg and Pope explore climate change solutions that will make the world healthier and more prosperous. They aim to begin a new type of conversation on the issue that will spur bolder action by cities, businesses, and citizens—and even, someday, by Washington.

PRAISE

“A hopeful book of strategies for delivering the planet from our worst environmental depredations. ...a thoughtful, eminently reasonable set of proposals.” —*Kirkus*

MICHAEL BLOOMBERG is the founder of Bloomberg LP. He served as Mayor of New York City from 2002-2013 and was appointed as the Special Envoy for Cities and Climate Change by the U.N. Secretary-General in 2014. CARL POPE is the former Executive Director and Chairman of the Sierra Club. He is now the principal adviser at Inside Straight Strategies and serves as a Senior Climate Adviser to Bloomberg. The author of three books, he writes regularly for *Bloomberg View* and *Huffington Post*.

Pregnancy, OMG!

Nancy Redd

NYT bestselling author Nancy Redd's visual guide to pregnancy and all the bizarre, hilarious, and often unanticipated changes a woman's body can go through.

WHY DID NOBODY TELL ME THIS COULD HAPPEN?!— This is not the thought you want to be having when you're frantically Googling whether your pregnancy symptom is normal or an emergency.

Just when you thought there could never be another pregnancy book, *Pregnancy, OMG!* comes along, and you realize how much the current market is missing. Did you know that: your nose can change size and shape? Your fingernails, far from growing long and strong, can crack or fall off? You can completely (temporarily) lose your sense of smell? *That 5% of women grow a third boob?* More seriously, that 25-50% percent of the partners of women with postpartum depression develop it themselves, or that 20% of pregnancies end in miscarriage?

This is a one-stop guide to every change a woman's body can go through while pregnant, and is unlike anything for expecting parents on the market: it is illustrated by full-color photographs of a diverse set of *real* pregnant women of all shapes, sizes and ages. Featuring Nancy Redd's trademark warmth, humor, and candor, and partnered with the advice and vetting of a medical expert, this book tackles embarrassing, confusing, and less-widely discussed issues that many pregnant women face and offers practical tips and techniques to ease even the strangest problems, helping to dispel panic and shame, and provides women the resources they need for a healthy pregnancy.

PRAISE

Praise for Nancy Redd and *Body Drama*:

"Demystifies female bodies and shows them as they really look: curvy, sometimes pimply and never perfect." —*Glamour*

"*Body Drama* should be center stage in every young woman's life. It will make you love every little thing about your body: your sags, your tags, your lumps, your bumps. It's a book of liberation and it's fun." —Eve Ensler

NANCY REDD is a journalist and mother of two. She was a founder at HuffPost Live, *The Huffington Post's* Webby award-winning streaming network, and is the author of the instant *New York Times* and *USA Today* bestseller, *Body Drama*, a photographic guidebook to puberty for girls. Originally from Martinsville, VA, she now lives in New York City with her husband and children. She is a graduate of Harvard University.

Shadow Play

The Murder of Robert F. Kennedy

William Klaber and Philip Melanson

This updated edition for the 50th anniversary of RFK's murder explores ignored witness accounts, coerced testimony, bullet-hole evidence, and other issues surrounding the political homicide.

On June 4, 1968, just after he had declared victory in the California presidential primary, Robert Kennedy was gunned down in the kitchen of the Ambassador Hotel in Los Angeles. Captured a few feet away, gun in hand, was a young Palestinian-American named Sirhan Sirhan. The case against Sirhan was declared by the police to be "open and shut" and the court proceedings against him were billed as "the trial of the century;" American justice at its fairest, swiftest, and most sure. But was it? *Shadow Play* explores these pressing questions:

- Why did some LAPD interrogators refuse to accept the testimony of key witnesses, continuing to challenge them until they changed their stories?
- Why were the police files of the murder investigation sealed for over twenty years?
- Why did Sirhan's attorneys fail to challenge any of the physical evidence at his trial?

Updated to include new information about an audio recording of the shooting and other evidence from the crime scene, *Shadow Play* challenges the official assumptions and conclusions about this most troubling, and perhaps still unsolved, political homicide.

PRAISE

"An engrossing and compellingly written narrative." —Gary Bellow, Louis D. Brandeis Professor of Law, Harvard University

"What makes [the authors'] analysis different from earlier accounts of this national tragedy is that they were able to inspect the voluminous LAPD files on the case that had been kept from the public for twenty years after the assassination." —Samuel Dash, Georgetown University Law Center, and former chief counsel, Watergate committee

WILLIAM KLABER earned a Golden Reel Award nomination in 1993 for *The RFK Tapes*, a nationally broadcast, one-hour public radio documentary on the murder of Robert Kennedy.

PHILIP H. MELANSON was a political science professor and the chair of the Robert Kennedy Assassination Archives at University of Massachusetts, Dartmouth. He died in 2006.

Modern Death

How Medicine Changed the End of Life

Haider Warraich, M.D.

“Warraich’s elegant and poignant book takes us on an unforgettable journey....He succeeds in humanizing a complex topic.” —Siddhartha Mukherjee, *New York Times* bestselling author of *The Gene*

There is no more universal truth in life than death. No matter who you are, it is certain that one day you will die, but the mechanics and understanding of that experience are almost nothing like what they were mere decades ago. Dr. Haider Warraich is a young and brilliant new voice in the conversation about death and dying started by Dr. Sherwin Nuland’s classic *How We Die* and Atul Gawande’s *Being Mortal*. Dr. Warraich takes a broader look at how we die today, from the cellular level up to the very definition of death itself.

Beyond its ecology, epidemiology, and economics, the very ethos of death has changed drastically in recent years. *Modern Death*, Dr. Warraich’s debut book, explores the rituals and language of dying that have developed in the last century, and how modern technology has not only changed the hows, whens, and wheres of death, but also the what of death.

Delving into a vast body of social, religious, financial, geographical, and medical research, *Modern Death* provides an enriched understanding of how dying today differs from the past, what our ancestors got right, and how trends and events have transformed this most final of human experiences.

PRAISE

“Warraich concludes this sensitive review of a painful subject with guarded optimism that a cultural shift toward open discussion is now occurring. An important contribution to a serious discussion of profound life-and-death issues.” —*Psychology Today*

“Warraich thoughtfully investigates the often alarming realities of death in early 21st-century America.” —*Publishers Weekly* (Starred Review)

“Warraich demystifies what is known and unknown about how cells and bodies die, while sensitively grappling with the changing cultural landscape surrounding the end of life.” —*Scientific American*

DR. HAIDER WARRAICH graduated from medical school in Pakistan in 2009. He did his residency in internal medicine at Harvard Medical School’s Beth Israel Deaconess Medical Center, one of the main teaching hospitals of Harvard Medical School. He is currently a fellow in cardiology at Duke University Medical Center. His medical and Op Ed pieces have appeared in many media outlets including the *New York Times*, *The Atlantic*, the *Wall Street Journal*, *Slate*, and the *LA Times* among others.

On board, she meets an old schoolmate, Anne Breton, along with all her relatives. They are all en route to the deathbed of the family scion and notorious miser, Alistair McGowan. As it stands, Alistair's will leaves the entire family fortune to his brother Albert, while the rest of the family is each hoping to convince the dying Alistair to change his will in their favor.

Daisy, meanwhile, has her hands full when young Belinda Fletcher, the daughter of Detective Chief Inspector Alec Fletcher of Scotland Yard, stows away aboard the train. Devil's Breath

A Max Tudor Mystery

G. M. Malliet

“The Father Max Tudor books are just excellent. G. M. Malliet has crafted the English village of our dreams.” —Charlaine Harris

Agatha Award-winning author G. M. Malliet has charmed mystery lovers, cozy fans, and Agatha Christie devotees with her critically acclaimed mysteries featuring handsome spy-turned-cleric Max Tudor.

Recently, Max’s former life as an MI5 agent caught up with him, threatening his newfound happiness with Awena and baby son Owen. Realizing there is no escape from his past, Max, with his bishop’s tacit permission, has offered his services to MI5 on an as-needed basis.

Now it’s time for Max to follow through. The body of glamorous film star Margot Browne has washed ashore from a luxury yacht and Max’s former colleague, Patrice Loga, n wants his help to find the murderer.

It’s a perfect “closed circle” murder since victim Margot must have been killed by one of the actors, stylists, screenwriters, or second-tier royalty aboard. Patrice suspects the yacht’s owner, a playboy film director she’s been keeping tabs on for smuggling, but Max isn’t so sure. Max and DCI Cotton interview the suspects as they loll about one of the luxury hotels dotting the waterfront. The investigation into Margot’s lurid past uncovers a host of motives—it seems she was not the only person on board with a secret they’d kill to keep.

PRAISE

“It’s great to see the return of Malliet’s wit in a high-seas whodunit that deftly skewers the Hollywood high life.” —Kirkus Reviews on *Devil’s Breath*

“*Devil’s Breath*, like all of Malliet’s novels, has clever plotting, entertaining characters, stylish settings, and a deliciously unorthodox view of the human condition. Plus it’s laced with wickedly wry humor. You won’t want to miss this series.” —Open Letters Monthly

“[Malliet] may be the best mystery author writing in English at the moment (along with Tana French).” —Cleveland Plain Dealer on *A Demon Summer*

G. M. MALLIET’s *Death of a Cozy Writer* received the Agatha Award for Best First Novel and was named one of the best books of 2008 by *Kirkus Reviews*. It went on to earn Anthony and Macavity nominations. The first books in the Max Tudor series—*Wicked Autumn*, *A Fatal Winter*, *Pagan Spring*, and *A Demon Summer*—also were nominated for the Agatha Award.
